

Downtown Safety Plan and Upcoming Events

Last week, the Downtown Community Partnership (DCP) leadership and investors had a productive **meeting with Mayor Mahoney and Police Chief Zibolski** regarding a draft **Downtown Safety Plan**. This plan, developed in collaboration with the Police Department, Harm Reduction Division, Business Improvement District, and the DCP, aims to create a safer and more welcoming environment in our downtown area. The objective is to identify and address several issues affecting our community, aiming to create a safer and more welcoming environment.

Key highlights of the Downtown Safety Plan:

- Increased foot patrols by officers and the neighborhood resource team
- Enhanced daily collaboration among multiple entities involved in downtown safety
- A Downtown Safety Toolkit for Businesses and Residents to ensure quick and easy access to resources when needed.
