

Downtown Update from your Downtown Community Partnership!

Enhancing Downtown Fargo's Safety and Vibrancy

As we step into summer, the Downtown Community Partnership (DCP) is doubling down on efforts to ensure that Downtown Fargo remains a vibrant, welcoming, and safe space for everyone. Here's what we've been up to and what's coming up next:

Strengthening Downtown Safety

The DCP has been working closely with the Fargo's Police Department and Harm Reduction Division to develop a comprehensive Downtown Safety Plan for this summer. The new Neighborhood Resource Team that started May 1 made more than 500 Street and Business Outreaches in their first month! Thank you for what you are doing for Downtown, it is already making a difference.

We take the safety of our Downtown seriously and are committed to elevating the perception of Downtown as a safe and vibrant place. To further discuss and finalize our Downtown Safety Plan, the DCP will be hosting an upcoming meeting with the Police Chief, Mayor Mahoney, and other local officials. Stay tuned for more details.

Stay Fit and Support Local Downtown Fitness Businesses

Summer is the perfect time to get fit and stay healthy! Consider supporting our local Downtown fitness businesses. Whether you're working downtown or just passing through, these businesses are ready to help you stay active and healthy!
