

THE DAIRY PRACTICES COUNCIL®

Quality & Uniformity through Education & Cooperation
www.dairypc.org

51st Annual Conference Schedule of Events

Opening Session-Wednesday, November 4th 1:00-4:30 p.m. EST

Come hear our keynote speaker Rachel Kylo, Sr. Vice President, Marketing and Innovation, DFA Dairy Brands, share insights on changing consumer behavior during COVID-19 and how these changes impact the dairy industry moving forward.

Join Dr. Jamie Jonker, Vice President of Sustainability & Scientific Affairs for National Milk Producers Federation, who has responsibility for animal health and welfare, animal biotechnology, dairy farm biosecurity, dairy farm air and water quality, dairy farm sustainability, and technical service issues. Dr. Jonker will share updates related to current on-farm initiatives and shed light on what is in store for 2021.

Join Dr. Joe Scimeca, Sr. Vice President of Regulatory & Scientific Affairs for International Dairy Foods Association, who has responsibility for product safety, quality, and labeling; nutrition and health policy; product identity standards; food defense; sustainability initiatives; Codex and other international standards; technical trade barriers; and emerging science and technologies affecting the dairy sector. Dr. Scimeca will share perspectives on regulatory and food safety initiatives to keep an eye on in 2021.
