Delaware Rural Water Association's 2024 Expo Afternoon Events

Backhoe Challenge

New this year! There will be **two** levels of competition. One for beginners and one for seasoned vets!

Register on-site.

Cornhole

Grab a partner and test your skills. Winners have bragging rights until next year when they have to defend their title!

Register on-site.

Water Tasting Throwdown

Let the trash talk begin! Our panel of celebrity judges will crown the best tasting water in the land!

New this year! All water systems are eligible to enter. Bring your water in a 2-quart glass container.

Pre-register by completing and returning the attached form.

2024 DRWA

Expo

DRWA's mission is to meet the needs of member water and wastewater systems by providing quality information, training and technical assistance and legislative representation, and to assist them in maintaining a high standard of service to their communities.

This year's Expo gives us a bit of everything- old classics like hydrants and fittings mixed with the newest technology in water chemistry and treatment plant upgrades.

There's plenty of time to chat with our industry reps too!

Don't forget to make time for the afternoon's events: backhoe competition, drone flying with the Amazing Anita, and much more!

Friday, October 4, 2024
Greenwood Fire Hall
