

# 2025 DRWA Expo

DRWA's mission is to meet the needs of member water and wastewater systems by providing quality information, training and technical assistance and legislative representation, and to assist them in maintaining a high standard of service to their communities.

This year's Expo has a great mix of technical and managerial courses—from the State Fire Marshal's Office to chemical feed solutions.

There's plenty of time to chat with our industry reps too!

Don't forget to make time for the afternoon's events: backhoe competition, photo contest, and a clamp challenge.

**Friday, October 3, 2025,  
Greenwood Fire Hall**
