How to Register for FNA Events

Member & Non-Member Event Registration

All event registrations now require a free account login. This added step helps us prevent bots from registering and adds an extra layer of security. Non-members are welcome and can create a free account without purchasing a membership.

Step-by-Step Instructions

1. Choose your desired event and click "Register"
2. When prompted, click "Log In"
3. Enter your email address on the login screen

From there, one of two things will happen:

If you already have an account

You will be prompted to enter your password and can complete your event registration from there.

If you do not have an account

You will see an error screen prompting you to create one. Follow these steps:

- Click the green "**Create Account**" button
- Follow the steps to set up your free non-member login
- Once your account is created, return to the event page and complete your registration
