**Join us for the 2023 Nonprofits Count Conference: Impact for Today and Tomorrow!**  
**September 29, 2023**  
**Orlando, Florida**

Nonprofits Count! is FNA's bi-annual gathering that brings the leaders of our state's nonprofits together to discuss advocacy and the state of our sector. Join 125 of your nonprofit peers in Orlando for a full day of networking, learning, discussing, sharing, and planning.

The 2023 Nonprofits Count! theme is *Impact for Today and Tomorrow*, a recognition of all our sector currently does in our communities and a chance to design what the future could look like with our influence. This year, we will be incorporating both a focus on wellness throughout the day, thanks in large part to our conference host, The Center for Health and Wellbeing and on peer-learning – each session will include time for attendees to discuss and interact.

This event is perfect for CEOs, Board members, policy staff, and anyone else who is interested in how public policy, research, and civic engagement affects the nonprofit sector in Florida.

## Creating a Policy Agenda Wednesday, July 12, 2-3:30 ET

This workshop will walk your organization how to develop a policy agenda that identifies the legislative and advocacy priorities for your organization, clarifies the actions you will (and won't!) take, and reassures decision makers and stakeholders that your advocacy work will be legal, ethical, and effective.

## FEDERAL UPDATE

### Student Debt Forgiveness and Public Service Loan Forgiveness Update

Last Friday, the US Supreme Court struck down the Biden Administration's debt cancellation program. The Court's decision **does not alter the ongoing benefits and protections that the separate Public Service Loan Forgiveness (PSLF) program provides to employees of charitable nonprofits and governments.** The pause on all federal student loan payments that has been in place for three years ends on August 31. Interest will start accruing again on September 1, and the first [payments will be due sometime in October](#), with specific dates varying between different loan servicers. Borrowers will be notified of payment due dates by the Department of Education and loan servicers.

What Student Loan Borrowers Should Do Now:

- Check your student loan servicer's website or portal (most commonly [MOHELA](#)) for updates and estimated payment amounts.
- Check payment qualifications on your student loan servicer's website for income-based repayment plans or other qualifying payments for Public Service Loan Forgiveness. Nonprofit workers are encouraged to [fill out the PSLF form](#) to determine eligibility via the [PSLF help tool](#) immediately.
- Budget and make financial plans to not default or miss qualifying payments for loan and forgiveness obligations, including under Public Service Loan Forgiveness.
- Set up automatic payments or other payment reminders with your bank.
