<u>SB 120: Contract Protection for Elderly Persons and Disabled Adults</u>	SB 120 creates the "Elderly and Disabled Adult Contract Protection Act," requiring that all contracts involving an elderly person or a disabled adult be in that person's primary language; requiring a contracting party to conduct a comprehensive review of the contract before an elderly person or disabled adult signs the contract; requiring a contracting party to record a video that depicts the contracting process and the elderly person or disabled adult signing the contract, etc.	Elderly is defined as 60 or older. The bill specifies the types of contracts as related to powers of attorney, deeds, financial records, or medical records. This could affect the process for which a person over 60 can sign donor or grantor contracts, which would be burdensome for foundations and other nonprofits. <i>FNA opposes this bill.</i>	The bill is dead and would need to be refiled in a future Session to move forward.

<u>CS/HJR 209: Property Insurance Relief Homestead Exemption Non-school Property Tax</u>	Proposes amendment to the state constitution to increase by \$200,000 the exemption for homestead property from all ad valorem taxation other than school district levies for homestead properties that have property insurance, to prohibit local governments from reducing total funding for first responders, and to provide an effective date.	Changing the property tax structure will affect local government budgets and funding. Nonprofits who receive grants or have contracts with local governments, including county commissions, school boards, etc., may see a change in available funding. In addition, local governments may cut existing services and rely on nonprofits to fill the gaps. <i>FNA is monitoring this bill. FNA is also encouraging nonprofits to better understand the impact the bill would have on both local government and their organization and to communicate the importance of nonprofits in local communities.</i>	The bill is dead and would need to be refiled in a future Session to move forward.	There is a possibility of property tax changes being brought forth in a special session, although nothing has been announced yet.
