

Employment Announcement

Water Circuit Rider Position

The Florida Rural Water Association is hiring a full-time Water Circuit Rider to provide technical assistance and training to water systems in the panhandle area of the state. This is a professional, exempt position which provides financial, technical and managerial support of water and wastewater systems in Florida. The position will require extensive and overnight travel, and a recommended 5-year experience in water/wastewater utility management or operations preferred. Emergency response operations are a requirement for this position.

This position will provide technical assistance and training to rural and small water systems related to their management policies and general business operations.

Basic duties include:

- Providing assistance for all aspects of water utility management, finance, operation and maintenance, regulatory compliance, energy efficiency, and loan/grant applications
- Evaluation of system needs
- Technical assistance with water operations
- Rate studies, budgeting, and financial assistance
- Asset management

The candidate must be fluent with Microsoft Office and have strong computer skills.

Submit resumes to: FRWA, 2970 Wellington Circle, Tallahassee FL 32309, or email frwa@frwa.net. Resumes will be accepted until the position is filled.

Position start date: ASAP
