## CEU INFORMATION

This Class provides .5 CEUs for water, wastewater, or distribution operators and 5.0 PDHs for Professional Engineers. Registration must be submitted to FRWA if you wish to attend the training class. There is no charge for those not wishing to receive CEUs, however if you wish to receive CEUs there is an Administrative Fee of \$35.00 for FRWA members and \$65.00 for non-members. Engineers must pay the PE fee of \$75.00 to earn PDHs. If the administrative fee is paid less than five days prior to, or within ten days after the seminar, the fee will be \$85.00 for members and \$115.00 for non-members. No payments will be accepted at the seminar or over the phone. You may fax your registration to 850.893.4581, or mail it to FRWA at 2970 Wellington Circle, Tallahassee FL. 32309. FRWA must receive your written registration in order to reserve your seat. This class is subject to cancellation if registration is less than 10 attendees within 5 working days of the class. If the class is cancelled, FRWA will notify you and may only refund one half of your registration fee due to administrative cost. Please be sure to provide your correct email address on the registration form so we can contact you in case of cancellation. FRWA encourages the utility where the training class is to be held and all attendees who register to contact others to register for the training class to prevent cancellation

You may register online at [www.frwa.net](http://www.frwa.net). If you do not wish to earn CEUs, you may fax this form to 850.893.4581 or email it to [Admin@frwa.net](mailto:Admin@frwa.net) To pay by check, please complete this form and mail it with your company check to FRWA, 2970 Wellington Circle, Tallahassee FL 32309. The fee is payable by money order, cashiers check, or member system company check. (No personal checks or purchase orders will be accepted through fax or the mail.)

FRWA will make every effort to comply with social distancing guidelines as outlined by the CDC to protect attendees. Hand sanitizer and Clorox wipes will be available for your safety. Masks are suggested and will be provided.

Due to problems associated with CEU forms, all forms must be obtained, completed, and submitted at the end of each session to be accepted.

**Seating is limited to 25 attendees and pre-registration is required.**

**Miramar Beach FL**

## **SEMINAR OBJECTIVE**

What is the condition of your system, how do you manage your assets? GIS/GPS mapping and Asset Management benefits water and wastewater utilities of all sizes. 80-90% of utilities data is tied to a geographic location, yet many are still relying on old data. Utilities need to know where their valves, pumps, meters, manholes, lift stations, etc. are located in order to increase efficiency and decrease down time in times of main breaks or other emergencies. Likewise, asset management plans allow a utility to keep track of their materials to properly plan improvements and replacements in the future.

This training will provide a detailed overview of GIS/GPS mapping and asset management as well as a demonstration of equipment and programs that will help your utility become current. We will also discuss when to repair or replace your pipelines, and how to mitigate any of your vulnerable assets to protect them and get the full life out of all of your assets.
