Seminar Objective

This class is intended as a refresher course for those applicants who are planning on taking their Class B, Class C, or Class D Drinking Water Treatment Plant (WTP) Operator examination. The class also provides an educational certificate to those considering a career in the Water Treatment Operations Industry as a Class D WTP operator. Successful completion of this class meets the State of Florida educational requirements for a Class D Certified Water Treatment Plant Operator. This class does not substitute for the Class B or C educational requirements that must be obtained through the Sacramento State Program or through an approved DEP Service Provider.

Applicants should bring a calculator to the class.
