#### **CEU INFORMATION**

This class provides 0.3 CEUs for operators and 3.0 hours PDHs . You must preregister for this class if you wish to attend in order to reserve your seat. This class is subject to cancellation if registration is less than 10 attendees within 5 working days of the class. If the class is cancelled, FRWA will notify you and may only refund one half of your registration fee due to administrative cost. Please be sure to provide your correct email address on the registration form so we can contact you in case of cancellation. FRWA encourages the utility where the training class is to be held and all attendees who register to contact others to register for the training class to prevent cancellation.

You may register online at www.frwa.net or email it to Admin@frwa.net. To register by mail, please complete this form and mail it to FRWA 2970 Wellington Circle Tallahassee, FL 32309.

Due to problems associated with CEU forms, all forms must be obtained, completed, and submitted at the end of each session to be accepted.

SEATING IS LIMITIED TO 30 ATTENDEES SO GET YOUR REGISTRATION IN EARLY!

Lead Service Line Inventory Workshop (021125WPB

# Lead Service Line Inventory Workshop

Presented by

Florida Rural Water Association 2970 Wellington Circle Tallahassee, FL 32309 850-668-2746

0.3 DW/DS/WW CEUs 3 Hours PDHs

February 11, 2025 West Palm Beach FL

#### SEMINAR OBJECTIVE

If you are receiving this brochure, it means that our records indicate that your system has not completed your lead service line inventory by the deadline of October 16, 2024 and you are therefore out of compliance with FDEP. FRWA is holding seminars throughout the state to assist systems, such as yours, to return to compliance.

This workshop will assist participants in completing an accurate Lead Service Line Inventory to bring water systems into compliance. You will be instructed in the necessary information to go into the Inventory and work together with coaches on preparing a Lead Service Line Inventory for submittal to DEP or the Approved County Health Department.

To participate in the class, you will need to bring:

- Your PWSID and the number of service lines
- A laptop and a thumb drive
- A list of all customer addresses for your water system
  - A map of the service area served by your water system
  - A copy of your Lead and Copper Sampling Plan
  - The most recent MOR submitted
