Mapping Equipment and GIS Agreement

_____ (hereafter known as the Utility) is entering into an agreement with Florida Rural Water Association to create GIS maps for the utility by collecting system field assets, uploading to GIS platform and/or building maps for printing

Utility also agrees that by allowing FRWA to assist the Utility in creating basic printed maps or digital maps, the Utility can use for their system, and have for FDEP Compliance, the utility will keep inventory and/or records of maintenance such as valve exercising and asset management.

This pricing is a requirement to the Utility to cover the cost of on-site training of equipment, data downloading, inserting the collected data into a mapping program, and/or creating and printing paper maps, and must be paid before any maps are printed or data is delivered. If printed maps are chosen, the system will also receive an electronic PDF file version of all created wall map(s) and map book(s). They will pay the required fee as established below. The basic colored map will consist of roads, road names, and all the data collected on the map with identifying legends. The colored map book will be the same basic wall map divided up into sections showing an index map and separate pages for each individual section. A summary table will also be provided in the map book as to identify what each asset.

Please send 50% upfront and the remainder to be invoiced once the maps are completed. Please note, final maps will not be released until the final invoice has been paid. Once we have the signed agreement, we will send an invoice with a link to pay the 50% contribution on-line (or you can mail a check for that amount).

FRWA strives to continue to provide this service to Utilities at a bare minimum cost. If you have any questions regarding this agreement, please feel free to discuss them with your FRWA representative. We strive for this service to be an asset to the Utilities in all regards. Please sign below if you agree to the terms set forth by FRWA for the use of GIS equipment and services.

Please check the box next to the mapping services and products you wish to receive. Please note the pricing is based on your system population, which will be verified before invoices are sent. If population is marked incorrectly, FRWA will notify you and a new agreement must be signed.

Services	Prices for System Population		
	Under 500	501 to 3,300	3,301 or Higher
Printed and Digital Maps Any/All Utilities	\$400		
Includes all electronic files, one (1) mapbook, and one (1) printed wall map, 34-inch by 44-inch.			
Printed and Digital Maps <u>Single Utility</u>		\$800	\$1,200
Includes all electronic files, one (1) mapbook, and one (1) printed wall map, 34-inch by 44-inch.			
Printed and Digital Maps 2 or More Utilities		\$1,200	\$1,800
Includes all electronic files, two (2) mapbooks, and two (2) printed wall maps, 34-inch by 44-inch.			
Digital Maps Only <u>Single Utility</u>	\$300	\$700	\$1,100
Digital Maps Only 2 or More Utilities		\$1,100	\$1,700
Digital Map Only <u>LSLI Meters Only</u>	\$200	\$600	\$1,000

Sub Total:

You can request the included wall map(s) be a smaller size, based on the available sizes below. Please see the additional services below to select whether you would like the included mapbook(s) to be laminated for a price of \$200 each.

Lead Service Line Inventory Maps (LSLI Maps) only include the location of meters. These maps do not include valves, water lines, service lines, hydrants, etc. Please only select this option if you want a GPS inventory of your meters.

Pricing for Additional Mapping Services

Laminated Mapbook(s)	Yes	NO	One	Both	\$200 each
-----------------------------	-----	----	-----	------	------------

Extra Mapbooks	No Lamination	Quantity	W/Lamination	Quantity
	8.5 x 11	\$50		\$250
8.5 x 14	\$75		\$275	
11 x 17	\$100		\$300	

Extra Wall Maps	Prices	Quantity
17 x 22	\$25	
22 x 34	\$50	
34 x 44	\$75
