

## SPONSOR INFORMATION

*Tuesday, November 18, 2025*  
*Edward Dufresne Center*

The New Orleans Industry Alliance (NORIA) is proud to host an inspiring and impactful event for young women in our region. The **2025 Women in Industry Forum** will take place on **Tuesday, November 18**, at the **Edward Dufresne Center** in Luling. This event brings together female leaders from the industrial community to mentor high school junior and senior girls who have shown interest in STEM and industrial career paths.

Through hands-on activities and interactive discussions, the Forum connects students with educational resources, career pathways, and real-life role models. Our goal is to build confidence, answer questions, and help students envision themselves in rewarding industry careers—from skilled crafts to engineering, safety, operations, and beyond.

Presented in a dynamic and engaging format, the event gives industry leaders the opportunity to share their journeys, offer advice, and form meaningful connections with students.

We invite you to support this inspiring event by becoming a sponsor. Sponsorship contributions and reservations can be made online at [www.gbria.org](http://www.gbria.org). If you prefer to make your payment to a 501(c)(3) organization, checks may be made payable to the Louisiana Construction Education Foundation (LCEF).

If you have any questions about the event or sponsorship opportunities, please contact Alicia Davidson at [alicia@gbria.org](mailto:alicia@gbria.org).

Thank you for helping us empower the future of industry in Louisiana—one student at a time.

*Connie Fabre*
