

# Rental Housing Alliance's 2022 Charlotte General Election Endorsements

**The Rental Housing Alliance (RHA) PAC mission is to support the legislative priorities of the Greater Charlotte Apartment Association and its members through advocacy to remove regulatory barriers that impact the cost of rental housing.**

The RHA PAC is proud to endorse the following Charlotte mayoral and City Council candidates for the July 26, 2022 General Election. These candidates share our mission and vision on issues associated with housing affordability, easing regulatory barriers to housing, and efforts to eliminate counterproductive land use restrictions. These issues all impact the way we do business and the cost of doing business.

Endorsements were derived from a standardized process and assessments of the candidates' positions on issues important to the membership of the Greater Charlotte Apartment Association, and the candidates' knowledge of current issues important to our industry.
