

# “Moving Forward” Housing Directory

**Montgomery County Office of Reentry:**  
*Serving the citizens of Montgomery County with programs that minimize barriers to effective reentry and promote reduction in recidivism.*

There is a deep connection between stable housing and reducing recidivism for returning citizens. The Office of Reentry is committed to working with individuals who have experienced barriers due to their criminal background. We recognize that interactions with the criminal justice system may remove people from their community, familiar routines, relationships with family and friends, and their housing. With this in mind, it is our intent that the Housing Directory assist potential renters with locating landlords/property managers who will rent to individuals with criminal backgrounds, and provide support to individuals who are looking for housing opportunities.

Final decision making regarding apartment rental is at the discretion of the landlord/property manager after completing the application process. There is no warranty or guarantee regarding property conditions nor the current existence or reliability of any of the features listed herein; and therefore, the renter should always do their own inspection before relying upon any information contained in this document. While all efforts have been made to include correct and current information, the Office of Reentry cannot guarantee the availability of any listings beyond the original date of posting and the information listed is subject to change without further notice. All inquiries regarding status of property should be directed to the landlord/property manager.

Please use the form below to confirm your information if you are interested in being a part of our Housing Directory. All entries will be processed and added to the directory as soon as possible. The directory is shared with the Office of Reentry clients and other nonprofit social service agencies.
