Monthly Memo from the GFAA President

Dear GFAA Members,

We have made it to May! I am pleased and thankful that our membership continues to support our missions and events. We had our first in person Night of Networking in over a year and it was a huge success at Kick Back Jacks! A special thank you to BluSky Restoration and Apartment Life for sponsoring this event! It was a pleasure to see all your smiling faces networking and getting back together. We hope to see more of our membership this upcoming month at Huske Hardware, spacing is limited so sign up now!

We had some great educational opportunities this past month. Marci French gave a wonderful presentation on Diversity and Inclusion and Mindy McCorkle set us straight on spending our dollars on swag. We appreciate all those who give back to our membership and education.

We cannot wait to see you all, virtually, at the AANC Illuminate Your Monitor Educational and Legislative Conference May 24-27th! There are many educational opportunities for CEC's and up to date knowledge on legislative and legal issues for our state!

I hope everyone has a wonderful May and looking forward to seeing you all soon!

Sincerely,

Jennifer Pittman, CAPS, CAM
GFAA 2021 President

About Fayetteville's Oldest Brewery:

The Huske Hardware House Restaurant and Brewery has been an icon for over two decades, but the building itself has an even richer 115-year-old history. It is part of the National Register of Historic Places. The original building was built in 1903 by Benjamin R. Huske. It was an all-inclusive department store, the proverbial home depot or Lowe's of its era. The HHH Brand was established in 1904 and the Hardware store stayed in operation for 67 years. The original Victorian-era masonry frame was added to over the years to accommodate the booming business. It expanded upward an additional story and to the west to add three more store fronts. Between 1970 and 1996, the building took on a variety of tenants, from furniture merchants to jewelry stores. However, in 1996 Dr. William Baggett renovated the east side to create the restaurant and Brewery of today. (They have continued the restoration into its current condition.)
