We are proud to announce that Division 1 will be present at the 2023 SIOP Annual Conference. The President of Division 1 Vicente Martínez-Tur will present the summary of the Division's project "**This works in my place - Latin America**" as part of the symposium *Achieving the United Nations Sustainable Development Goals* chaired by Walter Reichman.

Call for Experts This Works in my Place! Africa Edition

Dear IAAP Division 1 members,

After the success of [This works in my place! Latin America edition](#), we would like to launch the second edition of this project in relation to ***This works in my place! Africa.***

The main goal of the project will be to identify pertinent challenges, opportunities, barriers and any other contextual factors in Africa that shape Work and Organizational Psychology (WOP) strategies and practices in achieving relevant Sustainable Development Goals of the United Nations.

For this reason, we are launching **a call for work and organizational psychology experts**, including academics and practitioners, who can contribute with their knowledge and experience to this project. We are looking for experts who are knowledgeable on the context in Africa regardless of where they currently live. To fully capture the diversity of the African context, we are encouraging participation from as many regions of Africa as possible.

The role of the expert will be to contribute to the different stages of the project such as the workshop, the analysis and classification of contextual factors in Africa, the design of a measurement instrument and participation in a Delphi study.

Please share this call with anyone who might be interested in participating!

To obtain more information about the project and to participate, please email us at iaapdiv1@gmail.com

We thank you very much in advance for your participation!

Best regards,

Board of IAAP Division 1 Work and Organizational Psychology
