

The IAIABC Convention addresses the current policy, regulatory, and administrative challenges and opportunities affecting workers' compensation systems around the world through a combination of presentations, discussion forums, roundtables, and networking opportunities.

## Why Should You Attend?

Programming for the IAIABC 110th Convention will give attendees:

- A tour of educational content centered around workers' compensation global goals and solutions.
- An opportunity to explore ideas with presenters and peers from around the world by bringing, sharing, and developing recommendations to reduce harm and aid recovery from workplace injuries and illnesses.
- Souvenirs of applicable insights, resources, and connections to bring back to their organizations.

The IAIABC Convention is the can't-miss event for agency leaders in the workplace compensation system. It's a great opportunity to learn and network with colleagues from different jurisdictions all over the world.
