Help Us Expand the IASPA Network – Tell Us What Social Media You Use!

Dear IASPA Members,

As we continue to grow and strengthen the IASPA community, we're exploring new ways to expand our network and connect beyond our current platforms. One important step in this process is understanding which social media channels our members are already using.

By taking a moment to share which platforms you're active on, you'll help us better engage with you and broaden our reach to new audiences outside of the IASPA network. Whether it's Instagram, LinkedIn, X (formerly Twitter), Facebook, or others—we want to know!

Please complete the **2 minute survey** below to help us learn where you are, and how to connect with you, before June 30th.

Thank you for being part of our efforts to grow and connect.

IASPA & ASPAA PRESENT: UNLOCKING AI IN HR FALL WEBINAR SERIES 2025

9/4

2-4 PM

UNDERSTANDING AI: WHAT IT IS, WHY IT MATTERS, AND WHERE TO BEGIN

Start with the essentials. This session offers a clear overview of what artificial intelligence is and how it is already changing the way we work in education and HR. We will cover common terms, explore top tools you can try, and give you a simple path for getting started with confidence and clarity.

10/2

2-4 PM

PROMPTING WITH PURPOSE: HOW TO GET BETTER RESULTS FROM AI TOOLS

Your results depend on how you ask. This session focuses on the skill of prompting, using real-life examples from school operations and HR work. We will break down how to write prompts that get useful, accurate, and relevant outcomes. Participants will also explore a variety of tools and practice using prompt frameworks that are easy to apply.

10/23

2-4 PM

USING AI FOR WORKFLOW AUTOMATION AND EMERGING SOLUTIONS

This session highlights how AI can support everyday tasks like scheduling, communications, document creation, and reporting. You will see examples of how AI can automate repetitive work and increase team efficiency. We will also introduce new tools and features that are becoming more widely available and discuss how they can fit into school district operations.

11/13

1-3 PM

AI WITH INTENTION: ETHICS, BIAS, SECURITY, AND RESPONSIBLE ROLLOUT

In this final session, we turn to thoughtful implementation. Learn how to approach AI with a lens of safety, equity, and strategy. We will cover key concerns, including data privacy, bias in AI models, and ethical use in schools and HR. You will walk away with a simple framework to guide AI planning and rollout in your district or department.
