Faith's Law District Survey

Thank you to those of you who have completed the Faith's Law Survey already. If you have not yet done so, please consider allowing your district's voice to be included!

A survey has been created to gather information about the impact of PA 102-702 (Faith's Law Trailer Bill) on school districts. Please honestly share your district's experience. This will allow information to be gathered related to the workload created, the impact that sharing information has on our hiring processes, and the possible need for additional legislative updates.

The survey is anonymous.

AA #3993 Discipline in the K-12 Setting

Wednesday, January 24, 2024
8:30AM - 2:30PM
at the Double Tree Lisle

This course provides K-12 HR Administrators with strategies to examine current HR processes to identify opportunities for reviewing contract language, conducting employee investigations, and crafting letters of reprimand through the lens of progressive discipline. The presenters will share successful strategies and instruct participants on how to create and implement similar strategies in their respective district to ensure compliance with contract language, school code, employee law, and best practices.

Participants will come prepared with a reflective review of current contract language specific to discipline, employee rights, investigations, and possible grievance procedures within their current HR paradigm and will engage in the creation of discipline procedural templates, interview question constructs, and sample letters of reprimand. Participants will become fluent in the nuances of investigation procedures, just cause provisions, due process, and progressive discipline standards supported through case law.
