A Recovery Fellowship for Healthcare Professionals and Their Loved Ones

What is IDAA?

IDAA is a nonprofit organization committed to empowering healthcare professionals and their families in their journey to recovery from substance abuse disorder. We

connect individuals struggling or in recovery from substance abuse and loved ones to supportive communities, both online and in person. Here, they can find inspiration, strength, and hope as they hear personal stories of recovery from addiction as told by fellow healthcare professionals. To further our mission, we gather annually for a conference, delving into the educational depths of addiction as a disease and providing invaluable spiritual support to one another.
