Know a physician wellness or well-being program?

IDAA is looking to strengthen connections with physician wellness and well-being programs across hospitals, medical societies, and other healthcare organizations.

Do you know of a wellness committee, physician well-being program, or similar initiative within your hospital, health system, state/local medical society, or professional organization?

Help us make the connection! Please share any information you have [\[here\]](#). Even if you don't know the specific contact person, the name of the organization or program is helpful.

IDAA Member Conduct Policy

IDAA has a Member Conduct Policy in place to help keep our community welcoming, respectful, and safe for everyone.

It's one of the ways we help protect the supportive environment that makes IDAA such a special place for healthcare professionals and their families to connect.

What is IDAA?

IDAA is a nonprofit organization committed to empowering healthcare professionals and their families in their journey to recovery from substance abuse disorder. We connect individuals struggling or in recovery from substance abuse and loved ones to supportive communities, both online and in person. Here, they can find inspiration, strength, and hope as they hear personal stories of recovery from addiction as told by fellow healthcare professionals. To further our mission, we gather annually for a conference, delving into the educational depths of addiction as a disease and providing invaluable spiritual support to one another.
