Hello,

We are excited to announce that each week leading up to the 76th Annual Conference in Spokane, WA, we will be highlighting one of our esteemed CE (Continuing Education) speakers! This week, we're thrilled to shine the spotlight on **Greg Rehmann**, who will be sharing his expertise on **Medication Assisted Therapy for SUD**.

Dr. Rehmann received his bachelor of science degree in biochemistry at Azusa Pacific University. He then went to the University of Vermont College of Medicine and completed his internship and residency at St. Mary's Medical Center in Evansville Indiana. Dr. Rehmann holds two board certifications in both addiction medicine as well as family medicine. He previously worked as a private practice family physician for 20 years in Spokane, Washington with a wide scope of practice from labor and delivery to end of life care. He transitioned to full-time addiction medicine at Sundown M Ranch in 2019 where he sees every patient that comes in and actively manages their withdrawal. Dr. Rehmann is a fellow of the American Society of Addiction Medicine and helped write the withdrawal management in the ASAM criteria fourth edition.

Dr. Rehmann has a passion for helping every patient he meets find recovery. As part of his passion for recovery he enjoys teaching medical students as well as PA students who come to the Treatment Center to learn about addiction and the path to recovery. Dr. Rehmann is a firm believer in the 12 steps of AA/NA and uses medication as an adjunct to achieve this goal.

To find out when Dr. Rehmann will be presenting as part of our 2025 agenda, [[Click Here](#)].

**The objectives of Dr. Rehmann's CE presentation are outlined below:**

1. Understand the role of medications in substance use disorders.
2. Discussed current FDA approved medications to manage SUD, including indications, mode of action, side effects and drug interactions.
3. The attendee will be able to develop a tailored pharmacologic treatment plan to present to the patient.

Stay tuned as we introduce additional CE speakers in the coming weeks. Our CE credits are approved by the appropriate accrediting bodies and can help you meet licensure and certification requirements. [Click here](#) to see the types of CE credits that are available. Our 2025 CE Accreditation Statement can be found [here](#).

We can't wait to see you at the conference! [Register Here!](#)

Yours in Service,  
Michael M. & Newaj A. - Spokane CE Co-Chairs
