

City of Bloomington, Indiana
Temporary Storm-water Sampling Coordinator

CLASS CODE	UTILITIES-ENVIR-TSI	SALARY	\$16.66 - \$23.13 Hourly \$1,332.80 - \$1,850.40 Biweekly \$2,887.73 - \$4,009.20 Monthly \$34,652.80 - \$48,110.40 Annually
ESTABLISHED DATE	May 04, 2026	REVISION DATE	May 04, 2026

Summary

Implements a stormwater quality monitoring program, including water sample collection, for the City of Bloomington’s stormwater system using knowledge of sampling best practices. Sampling activities must comply with the IDEM-approved Quality Assurance Project Plan for this project.

Duties

This job description is illustrative only and is not a comprehensive listing of all job functions performed. The following are essential duties for this position, performed with or without reasonable accommodation:

Primary

- Collects surface water samples from the City’s stormwater system.
- Reviews and analyzes data from stream sampling to inform recommend actions for CBU to reduce pollutants.
- Reports findings to the Indiana Department of Environmental Management (IDEM) following the quality assurance plan developed by City of Bloomington Utilities.
- Communicates sampling results to CBU, IDEM, and other interested parties.
- Analyzes sampling data using GIS to identify potential pollutant sources.

Secondary

- Assists the MS4 Program Coordinator and MS4 Inspector with outfall inspections.
- Assists the MS4 Program Coordinator and MS4 Inspector with inspections of privately-owned post-construction stormwater infrastructure.
- Engages in public outreach and education related to MS4 program initiatives.

Job Requirements

Bachelor's degree, or currently pursuing a Bachelor's degree in Environmental Science with one year remaining, or equivalent knowledge and experience in Environmental Science, Engineering, or Biology.

Experience with GIS, preferred.

Prior water sampling experience, preferred

Level of Supervision and Responsibility

Received

Supervised by the MS4 Program Coordinator.

Exercised

This position does not supervise anyone

Difficulty of Work and Personal Relationships

Difficulty of Work

This position involves regular walking, standing. May occasionally involve stooping, kneeling, or crouching and moving equipment up to 30 lbs.

Will often work outdoors in various weather conditions, 1-6 hours per shift.

Personal Work Relationships

Incumbent will interact with MS4 staff, Dillman Laboratory staff, and other Environmental Division staff while carrying out duties. The incumbent may also respond to questions from the public.
