

## Sunbelt 2026 Organized Session Option List

INSNA is currently accepting proposals for oral presentations and posters via [Whova](#) until **Friday, February 27, 2026, 11:59 PM ET**. Sunbelt presentations are grouped into Organized Sessions (in Whova they are called “tracks”). You are required to choose at least one (1) Track/Organized Session that fits your proposal best. There are three questions with Track/Organized Session options:

1. Track (required)
2. Additional Track Options (optional)
3. More Additional Track Options (optional)

If you have any questions about your proposal and which Track(s)/Organized Session(s) to choose, please contact us directly at [support@insna.org](mailto:support@insna.org).

### Full Track/Organized Session Option List\*

*\*Listed in alphabetical order*

- A Digital Perspective on Healthcare Ecosystems
- Advanced Mathematical and Statistical Network Methodology
- Advancing Social Network Methodologies to Address Health Outcomes
- Advancing Survey Approaches for Cognitive Social Structures
- Agent-Based Modeling and Social Networks
- Alcohol and Substance Use in Social Networks
- Ambivalence in Relationships and Networks
- An Identity Network Perspective Artificial Academia
