Leaders

*Collaborate, Reflect, and Grow:
A Day Built for Academic Leaders*

The Association for Academic Leaders Regional Forum series offers a professional learning experience designed specifically for Academic Leaders. Attendees will explore key challenges facing schools today and discover mission-aligned strategies to address them effectively.

What to Expect

Our Regional Forums return in 2026 with a full day designed specifically for the work and leadership challenges Academic Leaders face every day. This year's Forums will focus on two timely leadership themes:

- GenAI without the Hype: Smart, Safe, and Useful Ways to Incorporate GenAI into Your Work
- Leading in the Gray: Priorities, Tensions, Imperfect Choices

Through conversation, shared case studies, and practical frameworks, participants will expand their leadership toolkit and leave with ideas they can put to use right away. As always, Forum attendance is included with Association membership.
