BENEFITS OF ADVERTISING IN THIS DIRECTORY

1. Maximize your advertising dollar by targeting the selected professional community in their own official referral book.
2. Experience continuous exposure, throughout the entire year, for one low investment.
3. Increase your referrals from professionals.
4. Enhance your image and credibility within the professional community through your affiliation with their local organization.
5. Facilitate your recruitment efforts through institutional advertising.
6. Reach an affluent market, which typically eludes more traditional forms of advertising.
7. Receive a complimentary directory, which offers an accurate list of all members (names, addresses, phone numbers, etc.)

Is Your Doctor a Member?

The Lee County Medical Society (LCMS) is an organization dedicated to the health of our communities.

History

The Lee County Medical Society was formed. In 1927 with just a handful of physicians. Today virtually every specialty is represented in our medical community and we stand strong as a professional organization.

Only doctor of medicine or osteopathy in lee county who have satisfactorily completed an internship and/or residency program approved by the accreditation council for graduate medical education or the American osteopathic association are eligible for society membership.

The physicians who are members of the lcms have undergone close scrutiny by virtue of our credentialing process which verifies a physician's medical education background and other information.

We are committed to providing you with the most caring modern and efficient health care system available offering over 602 active dedicated physician members ready to respond to your health care needs. All our members share our motto of Physicians Caring for Our Community.

The medical society is a voluntary organization. Not all physicians are members of the LCMS; many choose not to get involved for various reasons.

THE LCMS PROVIDES A NUMBER OF VALUABLE SERVICES

Referral Service — the Lee County Medical Society has a referral service in all specialties by geographic area regardless of hospital affiliation.

McCourt Scholarship Fund — provides a scholarship for children with diabetes to go to the Florida camp for children and youth with diabetes. It provides ways for them to learn to manage and cope with diabetes in a fun atmosphere.

Speaker's Bureau — provides organizations with lectures on a variety of medical topics. If your organization is interested, please call the medical society at least six weeks in advance to schedule a lecture.

Website — our website can help you find a LCMS physician. It helps you search through physicians by specialty and provides information on their educational backgrounds. It also offers links to physician websites. Please visit our website for more information at: www.lcmsfl.org.

The society through its many committees and volunteer organizations continues to serve the profession and the citizens of Lee County.

Florida Patient's Bill of Rights and Responsibilities

Florida law requires that your health care provider or health care facility recognize your rights while you are receiving medical care and that you respect the health care provider's or health care facility's right to expect certain behavior on the part of patients. You may request copy of the full text of this law from your health care provider or health care facility. A summary of your rights and responsibilities follows:

A patient has a right to:

- Be treated with courtesy and respect, with appreciation of his or her individual dignity, and with protection of a need for privacy.
- A prompt and reasonable response to questions and requests.
- Know who is providing medical services and who is responsible for his or her care.
- Know what patient support services are available, including whether an interpreter is available if he or she does not speak English.
- Know what rules and regulations apply to his or her conduct.
- Be given by the health care provider information concerning diagnosis, planned course of treatment, alternatives, risks, and prognosis.
- Refuse any treatment, except as otherwise provided by law.
- Be given, upon request, full information and necessary counseling on the availability of known financial resources for his or her care.
- Know, upon request and in advance of treatment, whether the health care provider or health care facility accepts the Medicare assignment rate.
- Receive, upon request, prior to treatment, a reasonable estimate of charges for medical care.
- Receive a copy of a reasonably clear and understandable, itemized bill and, upon request, to have the charges explained.

- Impartial access to medical treatment or accommodations, regardless of race, national origin, religion, handicap, or source of payment.
- Treatment for any emergency medical condition that will deteriorate from failure to provide treatment.
- Know if medical treatment is for purposes of experimental research and to give his or her consent or refusal to participate in such experimental research.
- Express grievances regarding any violation of his or her rights, as stated in Florida law, through the grievance procedure of the health care provider or health care facility, which served him or her, and to the appropriate state-licensing agency.

A patient is responsible for:

- Providing to the health care provider, to the best of his or her knowledge, accurate and complete information about present complaints, past illnesses, hospitalizations, medications, and other matters relating to his or her health.
- Reporting unexpected changes in his or her condition to the health care provider.
- Reporting to the health care provider whether he or she comprehends a contemplated course of action and what is expected of him or her.
- Following the treatment plan recommended by the health care provider.
- Keeping appointments and, when he or she is unable to do so for any reason, for notifying the health care provider or health care facility.
- His or her actions if he or she refuses treatment or does not follow the health care provider's instructions.
- Assuring that the financial obligations of his or her health care are fulfilled as promptly as possible.
- Following health care facility rules and regulations affecting patient care and conduct.
