Physicians Caring for Our Community

The Kimberly Center

The Kimberly Center provides treatment for those who suffer from alcohol and substance use disorder in a holistic, integrative and respectful manner.

Sustained recovery is attainable when the individual is provided a nurturing and restorative environment in which the skills and knowledge can be learned and gained to navigate through life and its challenges.

IS IT TIME TO EXAMINE

your malpractice insurance?

Unlike other medical liability insurers, which are investor-owned companies, The Doctors Company remains fiercely independent and dedicated to your interests. Ask yourself, “Do I want an insurer founded by and for physicians that’s guided by my peers? Or do I want a profit-focused insurer that’s directed by Wall Street?”

Join us and discover why delivering the best imaginable service and unrivaled rewards is at the core of who we are.

History of Lee County Medical Society

The Lee County Medical Society (LCMS) is an organization dedicated to the health of all residents in our communities.

Lee County Medical Society (LCMS) was formed in 1927 with just a handful of physicians. Today, virtually every specialty is represented in our medical community and we stand strong as a professional organization.

Only **Doctors of Medicine** or **Osteopathy** who have satisfactorily completed an internship and/or residency program approved by the accreditation Council for Graduate Medical Education or the American Osteopathic Association are eligible for society membership.

Our members have undergone close scrutiny by virtue of our credentialing process which verifies a physician's medical education background and other information.

We are committed to providing you with the most caring modern and efficient health care system available offering nearly 600 active dedicated physician members ready to respond to your healthcare needs. The medical society is a voluntary organization. **All our members share our motto of Physicians Caring for Our Community.**

History of Geographic Service Areas

1972	Lee County Medical Society, Inc. includes physician members in only LEE county
1959-1972	Medical Society included physicians in LEE and HENDRY counties
1958-1959	Medical Society included physicians in LEE, CHARLOTTE and HENDRY counties
1951-1957	Medical Society included physicians in LEE, CHARLOTTE, COLLIER and HENDRY counties
1941-1950	Medical Society included physicians in LEE, COLLIER and HENDRY counties

LCMS Services to the Public

Referral Service — the Lee County Medical Society has a referral service in all specialties by geographic area regardless of hospital affiliation.

McCourt Scholarship Fund — provides a scholarship for children with diabetes to go to the Florida camp for children and youth with diabetes. It provides ways for them to learn to manage and cope with diabetes in a fun atmosphere.

Speaker's Bureau — provides organizations with lectures on a variety of medical topics. If your organization is interested, please call the Medical Society at least six weeks in advance to schedule a lecture.

Website — our website can help you find an LCMS physician by name and specialty with information on their educational backgrounds and links to their practice websites.

New Doctors Daily

As the community of Lee County, Florida grows, so too does its community of licensed physicians. Lee County Medical Society (LCMS) actively recruits new physician members and supports their business and professional needs so you have options with your care.

LCMS also enjoys close working relationships with healthcare leaders in all the area's medical facilities, provider groups, allied health vendors, and non-profit agencies to ensure all our residents and visitors obtain information that reflects the highest standards in clinical care. Visit www.lcmsfl.org to more information about our work and partnerships in the community.

Lee County Medical Society Retired Physician Members

We Honor our Retired Physicians Who Have Dedicated Their Lives to Medicine.

Caring for patients with a cancer diagnosis is our privilege.

WE PUT OUR PATIENTS FIRST

Advocate Radiation Oncology is South Florida's local partner in the fight against cancer, bringing world-class radiation treatment closer to home. We are the region's only locally-owned and operated radiation oncology practice. Our expert team of board-certified radiation oncologists has decades of experience and is dedicated to working with each patient to develop a compassionate, personalized treatment plan.

Physician Wellness Program

The Physician Wellness Program (PWP) provides a safe harbor for active LCMS physicians to address normal life difficulties in a confidential and professional environment. A physician's life can be difficult. Problems with the current health care delivery system, maintaining a healthy work/life/family balance, and dealing with the normal stresses of everyday life do take their toll on physicians.

It is important that we function at our best in all areas of our life.

By addressing areas of difficulty, we can decrease our stress levels and increase our level of resilience and effectiveness.

The Physician Wellness Program works with two independent, local psychology groups that provide member physicians with up to three counseling sessions per calendar year.

This is a confidential and free member benefit. No insurance will be billed and LCMS will not be given any personal information about those who use the program. LCMS pays a monthly bill based on the number of sessions provided. Full details on how to enroll or donate to this program can be found at www.lcmsfl.org/our-programs.

"The most important patient we have to take care of is the one in the mirror."

— Robert Wah, M.D.

Florida Patient's Bill of Rights and Responsibilities

Florida law requires that your health care provider or health care facility recognize your rights while you are receiving medical care and that you respect the health care provider's or health care facility's right to expect certain behavior on the part of patients. You may request copy of the full text of this law from your health care provider or health care facility. A summary of your rights and responsibilities follows:

A PATIENT HAS A RIGHT TO:

- Be treated with courtesy and respect, with appreciation of his or her individual dignity, and with protection of a need for privacy.
- Obtain a prompt and reasonable response to questions and requests.
- Know who is providing medical services and who is responsible for his or her care.
- Know what patient support services are available, including whether an interpreter is available if he or she does not speak English.
- Know what rules and regulations apply to his or her conduct.
- Be given information by the health care provider concerning diagnosis, planned course of treatment, alternatives, risks, and prognosis.
- Refuse any treatment, except as otherwise provided by law.
- Be given, upon request, full information and necessary counseling on the availability of known financial resources for his or her care.
- Know, upon request and in advance of treatment, whether the health care provider or health care facility accepts the Medicare assignment rate.
- Receive, upon request, prior to treatment, a reasonable estimate of charges for medical care.
- Receive a copy of a reasonably clear and understandable, itemized bill and, upon request, to have the charges explained.

- Impartial access to medical treatment or accommodations, regardless of race, national origin, religion, handicap, or source of payment.
- Treatment for any emergency medical condition that will deteriorate from failure to provide treatment.
- Know if medical treatment is for purposes of experimental research and to give his or her consent or refusal to participate in such experimental research.
- Express grievances regarding any violation of his or her rights, as stated in Florida law, through the grievance procedure of the health care provider or health care facility, which served him or her, and to the appropriate state-licensing agency.

A PATIENT IS RESPONSIBLE FOR:

- Providing to the health care provider, to the best of his or her knowledge, accurate and complete information about present complaints, past illnesses, hospitalizations, medications, and other matters relating to his or her health.
- Reporting unexpected changes in his or her condition to the health care provider.
- Reporting to the health care provider whether he or she comprehends a contemplated course of action and what is expected of him or her.
- Following treatment plans recommended by health care provider.
- Keeping appointments and, when he or she is unable to do so for any reason, for notifying the health care provider or health care facility.
- His or her actions if he or she refuses treatment or does not follow the health care provider's instructions.
- Assuring that the financial obligations of his or her health care are fulfilled as promptly as possible.
- Following health care facility rules and regulations affecting patient care and conduct.

“ My internist suggested that I go to Advanced Orthopedics & Sports Medicine. When I met the doctor, I knew I was in the right place. He and his staff were considerate of my every need. Four months after my surgery, I am pain free and playing 18 holes of golf.

-Actual Patient

Dedicated to
excellence.

Our goal is to help patients reclaim the quality of life they enjoyed prior to their injury or the onset of chronic pain.

Our fellowship-trained orthopedic surgeons practice general orthopedics with a special interest in joint replacement surgery, sports medicine, fractures, and complex shoulder problems.
