TELUS HEALTH EMPLOYEE ASSISTANCE PROGRAM

A STAND ALONE EAP BUILT FOR CONSTRUCTION WORKFORCES.

Construction teams face higher mental health risk than the national average. That impacts safety, attendance, and productivity. Support your employees on and off the jobsite with this construction specific employee assistance program sponsored by ABC Insurance Trust.

WHY THIS STANDS OUT:

- A standalone EAP, not an add-on inside a medical plan.
- Covers all employees, even if they are not on your health plan.
- Not tied to your medical carrier or enrollment.

FAST ACCESS FOR EMPLOYEES:

- Live calls answered by a masters level mental health clinician
- 24/7 instant chat, plus phone, video, and in person options.

Want to learn more? Join our webinar!

Time: Thursday October 22nd, 12:00 p.m. ET
