**JOIN US TODAY!**

*"We joined the MBCEA not really knowing how it would benefit us. Shortly after we joined, we saw a job board come through where a builder in MN was looking for an erection crew. Since it was just a few hours away from our location we gave them a call and worked out a T&M contract with them. It helped them complete the project and it kept our crew busy for a lull in our schedule. Easily the best \$525 investment for the membership fee we've had. We have been staying in touch with that contractor and are currently negotiating another project this summer with them. I highly recommend joining the MBCEA just for the networking opportunities alone!"*
