Skeet Shoot

Revised Event Date: December 3, 2020

Register by: **November 18, 2020**

Location: **Shane's Sporting Clays**
6319-B US Highway 158
Summerfield, NC 27358

<https://www.shanessportingclays.com/>

Time: 9:00am - 2:00pm (Lunch/Social is included)

****We encourage you to bring your own shotgun, ear and eye protection. However, all of it, including ear and eye protection can be rented onsite if you do not. Ammunition can be purchased onsite for competitive pricing if you don't want to bring it with you. If you choose to rent a gun from Shane's then you will be required to purchase their ammunition. ****

From Shane's website: Although the sport is challenging, it is quite popular with novice shooters and ordinary hunters. While many shooters opt for expensive double-barreled shotguns, the game is equally enjoyable with an inexpensive pump-action shotgun or auto-loading (semi-automatic) shotgun.

*Safety is an important part of sporting clays. Proper ear and eye protection and firearms safety procedures are required to be followed at all times while on a course.

CLICK HERE TO WATCH OUR SAFETY VIDEO: <https://youtu.be/PO1-dxCi7QI>

Sporting Clays is a challenging clay target game designed to simulate field shooting. On a Sporting Clays course, shooters are presented with a wide variety of targets that duplicate the flight path of game birds, such as flushing, crossing, incoming and other angling shots.

Courses are laid out in natural surroundings and typically include five or 10 shooting "stations" with shooters moving from one station to the next to complete the course. Each "station" presents shooters with a different type of shot. At a "grouse station," for example, shooters might face flushing "birds" that zip in and out of the trees. At a "decoying duck" station, incoming targets may float in toward the shooter.
