Active / Retired Minnesota Police Chief's - Consulting Opportunities with NTN

Dear Minnesota Police Chief's –

National Testing Network (NTN) is a recruitment and testing company for agencies nationwide. We specifically support public safety agencies for candidate assessments in both entry level and promotional processes. Have been in business for 35+ years and have over 1,200 agencies on our network to include 45 of the largest LE agencies in the country.

As Vice President for NTN, we are rapidly expanding in Minnesota and looking to add 1-2 part time Senior Field Consultants (SFC's). This is a contract, very flexible role where we look to utilize Retired LE Chief's as SME's for new and existing clients to discuss past and current challenges, growth opportunities, key department initiatives, and how NTN can support their overall hiring processes.

Please find more information on our company at
www.nationaltestingnetwork.com.

We offer the following services to our client agencies:

- **Entry level candidate recruitment and simulation testing**
- **Shelf product promotional exams**
- **Custom promotional exams**
- **Assessment Centers**
- **Background investigations**

- **Psychological Evaluations**
- **Online recorded interviews**
- **Validation and job analysis services**

To learn more about this opportunity and how we have structured this in other states nationally, please contact:

Tony Percich
