

Earn CE. Recharge. Get Away.

January 16, 2027 - January 23, 2027

Saturday, January 16 | 4:00 PM

Depart Port Canaveral, Florida

Sunday, January 17 | 8:30 - 11:30 AM

Minimally Invasive Caries Management

This course presents a contemporary, evidence-based approach to caries diagnosis and management, emphasizing risk assessment and preservation of tooth structure. Participants will learn how to differentiate when to intervene surgically versus manage lesions non-operatively, along with an overview of modern therapeutic agents used in caries control. The goal is to develop a more precise, biologically driven framework for everyday clinical decision-making.

Monday, January 18 | 8:30 - 11:30 AM

Operative Dentistry - From Adhesion to Isolation

This lecture outlines a modern restorative workflow, focusing on the principles that underpin predictable adhesive dentistry. Topics include effective isolation strategies, adhesive protocols, material selection, and step-by-step approaches to restoring teeth with consistency and efficiency. Emphasis is placed on translating evidence into practical, repeatable techniques in daily practice.

Tuesday, January 19 8:00 AM - 6:00 PM

Phillipsburg, St. Maarten

St. Maarten sits at the crossroads of the Caribbean and the Atlantic. It's also a place where over 120 cultures meet. You can taste it in the island's cuisine, which is rated among the best in the Caribbean. And you can feel it whether you stay in the upbeat, party-centric Dutch side where the port is located, or cross into the laid-back, local-driven French side of the island.

Wednesday, January 20 | 7:00 AM - 3:00 PM

San Juan, Puerto Rico

Puerto Rico's vibrant capital, San Juan, offers 500 years of history and culture to explore. Roam ancient fortresses and colorful colonial-era buildings. Or dig into flavorful criolla cuisine and reggaeton beats—the city is a kaleidoscope of new experiences waiting to be discovered.

Thursday, January 21 | 8:30 - 11:30 AM

Implants for the Dental Team - From Start to Finish

This course provides a comprehensive overview of implant dentistry, covering key concepts from treatment planning through final restoration. Participants will gain clarity on surgical considerations, restorative workflows, implant components, and interdisciplinary communication. Designed for the entire dental team, the course aims to build a cohesive understanding of how to execute implant cases with confidence and predictability.

Friday, January 22 | 8:00 AM - 5:00 PM

Perfect Day at CocoCay, Bahamas

Perfect Day at CocoCay is split into 10 unique neighborhoods, each with its own activities. There are plenty of free things to do around the island, as well as premium experiences available for purchase.

Seven of the neighborhoods have free admission and three require a paid admission: Thrill Waterpark, Coco Beach Club, and Hideaway Beach (adults-only beach).

Saturday, January 23 | 6:00 AM

Arrive at Port Canaveral, Florida
