MUAF
Municipal Utilities Action Fund

2025 MUNICIPAL UTILITIES ACTION FUND ANNUAL REPORT

The **Municipal Utilities Action Fund (MUAF)** supports advocacy that protects and advances Minnesota’s publicly owned, community-based utilities. MUAF ensures municipal utilities have a strong, informed voice in the political and public policy process, supporting leaders and initiatives that value local control, public ownership, and reliable, affordable utility services.

Contributions to MUAF strengthen a unified advocacy effort on issues affecting energy, water, and infrastructure. By investing in MUAF, donors help municipal utilities maintain a seat at the table, protect their public service mission, and continue serving Minnesota communities today and into the future.

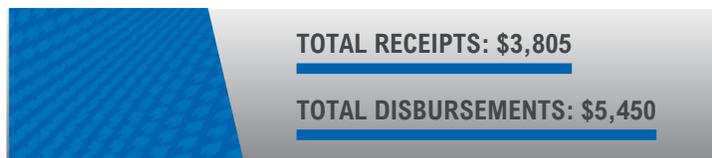

A message from our Director

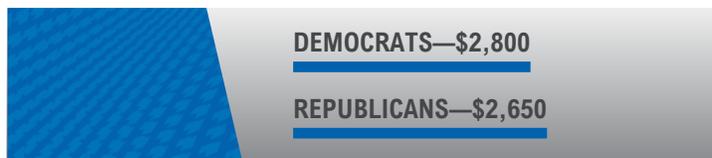

“I value the commitment each of you brings to strengthening Minnesota’s municipal utilities and your continued support of the **Municipal Utilities Action Fund (MUAF)**. MUAF helps elevate the voice of publicly owned, community-based utilities, enabling them to speak with one strong, unified voice in legislative and policy discussions while advocating for local control and reliable, affordable, and sustainable utility services. Your support plays a vital role in protecting the public-service mission of municipal utilities and makes a meaningful difference for the communities they serve.”

— **Kent Sulem**, Director of Government Relations and Senior Council, MMUA

MMUA
Minnesota Municipal Utilities Association

Supporting the Municipal Utilities Action Fund (MUAF) helps us educate legislators, share timely messages beyond the Capitol, and ensure hometown utilities are at the state policy table with cooperatives and investor-owned utilities. Your donations ensure our lobbyists can be present at events where legislators gather. In these settings, we have unique opportunities to engage with lawmakers and raise our issues. To make a contribution to MUAF, please scan the QR code above.
