## HAZARD COMMUNICATION TRAINING

Did you know hazard communication was the second most cited OSHA violation last year? Thousands of workplaces were caught unprepared—don't let yours be one of them. MMUA is offering no-cost, on-site training to help your team stay safe when working with chemicals. Perfect for small businesses, farms, and local fire departments, this course covers what you need to know to protect your staff and your community.

### What You'll Learn

- How to identify hazardous chemicals
- Health risks to workers
- Emergency response best practices
- Hazard prevention and control

### Bonus: A Second Free Course

Host this free training and MMUA will provide your team with an additional safety course at no cost. Choose from a list of relevant topics—MMUA brings the training to you.

Training topics include:

- AWAIR – Safety Committees
- Basic electric safety
- Fall protection
- Ladders
- Lockout/Tagout – Hazardous energy control
- Machine guarding
- Personal protective equipment, including respiratory protection
- Safe lifting/ergonomics/back safety
- Workplace self auditing

Scheduling is easy—just choose a date and time, and we'll take care of the rest. **For more information, contact us at [info@mmua.org](mailto:info@mmua.org) or 763-551-1230.**
