Determining Recognized Component Organization Seats at the MPA House of Delegates

Policy

The Michigan Pharmacists Association Bylaws dictate the ability of MSHP Recognized Component Organizations to have delegate representation at the MPA House of Delegates. The number of delegates is determined by the number of MPA pharmacist members in each Component Organization. Three (3) delegate seats are provided for the first fifty (50) MPA members in each Component Organization and one (1) delegate for each additional fifty (50) MPA members. Annual membership statistics will be based on those individuals who are current members of a Component Organization.

Procedure

1. MSHP Recognized Component Organization Presidents and Representatives to the MSHP Board of Directors would receive an official request from MPA to submit a current mailing roster for Component Organization pharmacist members in September.
2. Component Organizations must submit these rosters to the MPA office no later than Nov. 1 each year.
3. MPA staff will verify the number of pharmacists within each MSHP Recognized Organization who have maintained MPA membership.
4. Based upon membership determination, each Recognized Component Organization will be granted three (3) delegate seats for the first fifty (50) MPA members or majority thereof.
5. Recognized Component Organization Presidents and Representatives to the MSHP Board of Directors will be notified by January as to how many delegate seats they will be granted for the upcoming year.
6. Each Recognized Component Organization President and Secretary will receive an official call for delegates approximately 45 days prior to the next House Session.

7. Each Recognized Component Organization President or designee will be requested to submit delegate and alternate delegate names to the MPA office. COMMITTEES AND TASK FORCES

Statement of Purpose

Standing Committees are appointed yearly for a term coinciding with the Society year. These Committees are expected to meet and conduct their business in such a manner as to accomplish their respective charges. Generally, meetings of the Standing Committees are scheduled for the January and May Committee Days. Additional meetings are to be scheduled by each Committee as needed. Committee business can also be conducted virtually via phone (conference call), video conferencing or email. Notes of Committee meetings should be recorded and distributed to Committee members within two to three weeks following the meeting and provided to the EVP/MPA staff liaison for distribution to the Board. Activities, progress, recommendations for Board action or questions are generally conveyed through the Board Liaison assigned to the Committee. A “Committee Request for Board Action or Direction” form should be used for Committee-to-Board communication. A copy of the form appears on page 17. The form should be provided at least one week in advance of the Board meeting, for inclusion with Board meeting materials. The Board of Directors is responsible for approval of all Committee recommendations for action, mass distribution of communications representing the Society, expenditure of Society funds and solicitation of outside funding.

Task Forces are created to address one particular initiative as determined by the President-elect with the approval of the Board of Directors. Task Forces continue to operate only until the initiative is complete. Typically, a Task Force operates for one to two years maximum. If the initiative becomes a long-term effort, the Task Force may become a Standing Committee with the approval of the Board of Directors. Task Forces operate under all the same guidelines as a Committee including meeting during Committee Days, preparing notes, requesting Board action or direction and submitting an Annual Report.

Committee and Task Force Appointments

Committee/Task Force Chairs/Co-chairs, Board Liaisons and Staff Liaisons for the next Society year are presented as a recommendation by the President-elect for discussion and approval at a Board meeting prior to the end of the year. Joint committees representing MSHP and MPA are determined equally by the MSHP and MPA President-elects. Committee size (typically 15 to 20 members) and composition will be determined by the President-elect based on fulfilling Committee/Task Force responsibilities and balancing continuity with the allowance for inclusion of new individuals. Individuals are appointed as Committee/Task Force members and to leadership positions for a one-year term. Re-appointments of Committee/Task Force members and leadership are made at the discretion of the President-elect with approval from the Board of Directors.

Charges and Annual Responsibilities

Committee/Task Force charges for the next Society year are created by the President-elect following the MSHP Board Retreat and presented as a recommendation for discussion and approval at a Board meeting prior to the end of the year. Specific annual responsibilities are assigned to every Committee/Task Force. In addition, Chairs/Co-chairs are expected to provide updates to the Board of Directors through the Board Liaison. Some Committees have additional annual responsibilities which are noted in the Committee’s section as “Planning Calendar”.

Conflict of Interest Policy

There may be times when a Board Member, staff liaison to the Board, Committee/Task Force Chair or Co-chair has a duality of interest or possible conflict of interest which must be disclosed to other Committee/Task Force and Board members and made a matter of record, through an annual procedure or when the interest could possibly become a matter of Committee/Task Force or Board action. Board Members, staff liaison to the Board, Chairs and Co-chairs having a duality of interest or possible conflict of interest on any matter will not be allowed to vote or use their personal influence on the matter, and he/she will not be counted in determining the quorum for the meeting, even if permitted by law. The minutes or notes of the meeting will reflect that a disclosure was made, the abstention from voting, and the quorum situation. The foregoing requirements should not be construed as preventing the Board Member, staff liaison to the Board, Chair and Co-Chair from briefly stating his/her position in the matter, nor from answering pertinent questions of other Committee/Task Force or Board members. Conflict of Interest Statements are signed by the Board Members, staff liaison to the Board, Committee/Task Force Chairs and Co-chairs each January, and as deemed necessary by the Board. The Board and staff liaisons are authorized and directed to see that this policy is followed.

ASHP House of Delegates

Delegates from Michigan to the American Society of Health-System Pharmacists (ASHP) House are determined through a nomination and election process. Delegates are elected to a two-year term. Terms are staggered such that two of the four positions are up for election each year.

The Executive Vice President coordinates announcement and receipt of nominations. Two candidates for each open position are sought. The slate of candidates is presented for discussion and approval to the Board of Directors to accommodate distribution of ballots in November/December to ASHP members in the State. The Executive Vice President will convey names and contact information for the elected delegates and alternate delegates to ASHP.
