WELCOME!

BY RYAN GREENLEY,
Pharm.D., MPA president

Welcome to the 2025 Michigan Pharmacists Association's Annual Convention & Exposition (ACE)!

Over the last several years, MPA has been in the process of composing the next chapter in its long-storied history. This new chapter has seen significant change. While change is not always easy, I am confident that we now find ourselves in a position to continue our historical strength into the future. I cannot think of a better way to celebrate this strength than with an exclamation point of change here at the Grand Traverse Resort and our brand-new ACE. Like MPA itself, at this convention you will find changes made to improve and grow, along with historically strong programs maintained.

Outside of our incredible new venue, the most noticeable change will be the absence of our awards banquet. You will now find a reception open to all attendees and our award presentations spread throughout our programming. It is my hope that this new format will allow all attendees to better recognize and celebrate our awardees. Additionally, I hope this new approach will create more robust opportunities for everyone to celebrate with current connections and foster the development of new ones.

I am certain that each of you, as attendees of this year's ACE, will be an important part of MPA's continuous growth toward the future through change, allowing us to maintain MPA's strength and positive influence in our profession and our professional and personal lives.

I appreciate your support of MPA, I appreciate you being here for MPA and I appreciate you meeting me halfway in Traverse City for this year's ACE – I only had to drive six hours south this year instead of eight-and-a-half!

Please help to make our 2025 ACE a success by embracing, exploring, celebrating and connecting with as many events, programs and people as you can. I look forward to celebrating and connecting with all of the incredible influencers that we have here this weekend. Please do stop me when you see me, or anyone you want to connect with this weekend. I look forward to all the waves of influence that this weekend will bring, as it always has.

Here are a few notable changes you will find at this year's ACE.

AWARD PRESENTATIONS:

During Friday's Opening Session, from 12:45 to 1:30 p.m., we will present the following awards:

- Executive Board Medal
- Distinguished Young Pharmacist
- Fellow of MPA
- Hall of Honor
- Excellence in Innovation

During Saturday's General Session, from 10:15 to 10:30 a.m., we will present the following awards:

- Bowl of Hygieia
- Fred W. Arnold Public Relations Award

During Saturday's President's Reception, from 7 to 9:30 p.m., we will present the following awards:

- Years of Membership
- Executive Board Service Medals
- Executive Board Chair Award
- Pharmacist of the Year

Adopt-a-Student program: Due to the removal of the banquet, adoptees are encouraged to network throughout the ACE at their convenience. We hope this will establish more personal connections much earlier among our participants, allowing them to capitalize on opportunities throughout the entire day Saturday, as well as Sunday, to help foster stronger connections and long-term influential relationships. Don't forget to show your support for the Adopt-a-Student Program by purchasing a ticket for the MPF Networking Breakfast on Saturday from 7-9 a.m.

Poster Presentations: MPA will hold its first ever poster presentations this year, Saturday from 12:45 to 1:45 p.m. This is an opportunity for residents, fellows, students, practitioners, technicians and local associations to share their research, projects and practice expertise. Please make sure to stop at this event to see all of their incredible work and receive an hour of CE!

Continuing Education (CE): You will find no changes to our high-quality educational programming brought to you each year. This year we are pleased to be offering up to 16 live credit hours over the weekend. This includes the opportunity to attend required CE for license renewal—such as jurisprudence and ethics, pain and symptom management, patient safety and so many more!

Exhibit Hall: The Exhibit Hall Grand Opening Reception will take place Friday afternoon and allows attendees the opportunity to make new connections and visit with the sponsors who help make ACE successful. If you miss the grand opening, lunch will be served in the exhibit hall Saturday, which allows another opportunity to visit with our sponsors. Please take a moment to thank our exhibitors and sponsors for their continued support of our association and profession. You will also have the chance to get a free professional headshot and a chance to win cash prizes by getting your Exhibit Hall passport stamped by exhibitors. Let the games begin!

President's Reception: Join me on Saturday evening for the President's Reception, a brand new social event that is replacing the traditional awards banquet. The reception is free to all MPA members, so please come have some refreshments with us and help us honor our final awardees of the weekend!

CONVENTION AT-A-GLANCE

Thursday, April 10

3:30-7 p.m. – Exhibitor Registration Open

Governors' Prefunction, Lower Level

5-7 p.m. – Convention Registration Open for Attendees

Governors' Prefunction, Lower Level

Lower Level

9:45 a.m.-12:45 p.m. – MPA House of Delegates

Michigan Ballroom, Lobby Level

Convention Adjourns

**Limited tickets available for these events at registration desk*

GENERAL INFORMATION

Convention Goals

In the past, the Michigan Pharmacists Association (MPA) has adapted to meet the demands and limitations of public health crises and at the same time, continued to deliver an engaging, high-quality experience for pharmacy professionals throughout Michigan and beyond. MPA is excited for its first year in Traverse City! MPA's goals for the Annual Convention & Exposition include the following:

- Provide quality continuing education programs, focusing on the latest treatment options and hottest issues in pharmacy
- Offer various networking options for attendees
- Facilitate opportunities for attendees to discuss the outlook of pharmacy
- Celebrate the future of pharmacy by honoring Michigan's pharmacy leaders
- Provide activities for attendees to continue their professional development

Target Audience

Programs at the Annual Convention & Exposition were planned to meet the needs of pharmacists, residents, pharmacy technicians and student pharmacists in a variety of practice settings, as well as those in the pharmaceutical industry and academia.

Cancellation Policy

Cancellations after March 21, 2025, no-shows or changes made onsite to registrations will not be refunded. Refunds will not be given for inclement weather, nor will refunds be given due to registration errors made by the participant.

If you selected convention attendance with a new membership purchase through the registration process, you will not be eligible for a refund should you choose to cancel your event attendance. If convention attendance cancellation is necessary, you must contact the MPA office directly to process your cancellation and keep your membership intact.

Parking at the Grand Traverse Resort and Spa

Parking at the Grand Traverse Resort and Spa is FREE! The resort boasts more than 1,000 parking spaces, leaving ample room for guests who are staying off-site to avoid extra charges. Review the parking map on page 16 for more information.

Program Restrictions

Children under 18 years of age will not be allowed in the convention spaces due to liability issues. All guests in the MPA convention space must be registered for the convention and be wearing their registration badge. If you wish to bring a guest with you into the convention space, that guest must be registered and have an attendee badge. The cost to register a guest who will not claim CE credit is \$175 for the conference.

If you register a guest, you are confirming your guest will not claim CE credit.

Distribution of Registrant Contact Information

As a registrant of the MPA Annual Convention, your name and email address may be distributed to key partners supporting the Convention. By registering, you acknowledge that your information will be provided unless you opted out on the registration form. If you were previously solicited to purchase an attendee list from an unauthorized vendor, please be aware these companies are not affiliated with MPA, nor has MPA provided them with attendee contact information.

Information Hub

For assistance at the Convention, please stop by the MPA Registration Desk in the Governors' Prefunction on the Lower Level.

Disclosure

No individuals in control of the content (faculty, planners, etc) have any financial relationships with ineligible companies to disclose.

GENERAL INFORMATION

Continuing Education Accreditation

The profession of pharmacy has moved in a direction that focuses on continuous professional development (CPD) for pharmacists and pharmacy technicians. MPA plays a critical role in CPD and aims to provide continuing education programs that support the continued development of pharmacy professionals and enhance competency. In an effort to assist you in targeting programs that will enhance your professional development, these activities are accredited through the Accreditation Council for Pharmacy Education (ACPE) for pharmacist and pharmacy technician continuing education credit.

Michigan Pharmacists Association is accredited by the Accreditation Council for Pharmacy Education (ACPE) as a provider of continuing pharmacy education.

Individuals have the opportunity to earn up to 16 hours of LIVE continuing pharmacy education (CPE) credit throughout the weekend. Educational activities are structured to meet knowledge- and application-based educational needs. A knowledge-based activity acquires factual knowledge. An application-based activity applies to information learned in the timeframe allotted. Information in knowledge- and application-type activities is based on evidence as accepted in the literature by the health care professions. CPE credit will be earned based on participation in individually accredited activities. Attendance and participation are required before obtaining CPE credit. **Any individual who is more than 15 minutes late to an activity or leaves an activity early will not be granted CPE credit.** This procedure will be strictly enforced, so please plan accordingly.

CPE Monitor is a national, collaborative effort by ACPE and the National Association of Boards of Pharmacy (NABP) to provide an electronic system for pharmacists and pharmacy technicians to track their completed CPE credits. To obtain your e-profile ID, visit nabp.pharmacy/programs/cpe-monitor/. Pharmacists and pharmacy technicians earning continuing education credit, while meeting all requirements, will be able to view a comprehensive list of the ACPE-accredited activities they have taken in their CPE Monitor account.

MPA reserves the right to revoke continuing education credit for individuals who have not paid the registration rate in full or to participants who claim to have attended programs on days for which they were not registered. Partial credit will not be awarded.

Required Continuing Education

Continuing education requirements for licensed Michigan pharmacists and pharmacy technicians are indicated below.

Pharmacists are required to earn (inclusive of the 30 hours normally earned in a licensure period):

- 10 hours of live CPE credit that provide direct interaction between faculty and participants
- One hour of pain and symptom management CPE credit
- One hour of pharmacy ethics and jurisprudence
- In addition to the 30 hours of required continuing education credit hours, licensure renewal cycles effective June 1, 2022 must complete two hours of implicit bias training

Pharmacy technicians are required to earn (inclusive of the 20 hours normally earned in a licensure period):

- Five hours of live CPE credit
- One hour of patient safety CPE credit
- One hour of pharmacy ethics and jurisprudence
- One hour of pain and symptom management CPE credit
- In addition to the 20 hours of required continuing education credit hours, licensure renewal cycles effective June 1, 2022 must complete two hours of implicit bias training

Look for pain, ethics and jurisprudence, patient safety, controlled substance awareness training and implicit bias training symbols next to continuing education programs in this brochure that meet education requirements. Additionally, according to state law, both pharmacists and pharmacy technicians must complete a one-time course on identifying victims of human trafficking.

In order to bill for medication therapy management (MTM) services for Medicaid beneficiaries, pharmacists must have successfully completed MTM program(s) approved by ACPE.

State regulations mandate that pharmacists and pharmacy technicians cannot earn more than 12 hours of CPE credit in a 24-hour period.

GENERAL INFORMATION

Process to Claim Continuing Education Credit

Participants will be required to register for and complete program evaluations and applicable posttests through Lecture Panda.

INSTRUCTIONS

To earn pharmacy continuing education credit, complete the following steps.

1. Register with Lecture Panda – Prior to the Convention, you should have registered on the Lecture Panda website and set a username and password of your choice and provided your e-profile identification number and date of birth (MMDD format).

- If you have already registered on the Lecture Panda website, move to step 2 below.
- If you did not register on the Lecture Panda website, you must do that first. To do so, go to lecturepanda.com/a/2025MichiganPharmacistsAssociationAnnualConventionExposition and click on the blue REGISTER button. You **MUST** register to be able to claim CE credit. You can also scan the QR code with your cell phone or tablet to be directed to the Convention event page on the Lecture Panda website.

Upon registering on Lecture Panda, you will receive an email confirming registration with a link to complete credit requirements. This link allows you access to all program handouts, evaluations and posttests. To avoid emails going to your spam folder, be sure to set up your email account to allow emails from Lecture Panda.

2. Access Handouts – To access program handouts, refer to the registration confirmation email that you received from Lecture Panda and click on the blue button titled “Complete Credit Requirements.” You will be directed to all program handouts where you can conveniently pull them up on your PC, cell phone or tablet, or you can print them if you wish to have hard copies. **Please note hard copies of handouts will not be provided onsite.**

3. Claim Credit – To complete all evaluations and posttests for programs that you attended and “claim credit,” refer to the registration confirmation email that you received from Lecture Panda and click on the blue button titled “Complete Credit Requirements.” You will be directed to confirm your name, email address, e-profile identification number and date of birth. Progress to the “Claim Credit” screens, where you will enter the program claim code provided at the end of each program and complete the evaluations and posttests. More information about program claim codes is below. Upon completion of the evaluations and posttests, credit will automatically be submitted to your CPE Monitor record. You must pass each posttest with a score of 70 percent or greater to earn credit.
4. Overall Event Evaluation – MPA would like to know about your overall experience while attending the Convention. Please be sure to complete the overall event evaluation on Lecture Panda in addition to program evaluations. Your feedback is used to improve the Convention and other MPA events.

Program Claim Codes

When completing evaluations and posttests, you will be required to enter a “claim code” unique to each program. Be sure to listen at the end of each program to receive that program’s claim code. **Program claim codes will not be provided to participants after participants are released from the program.** It is recommended that you keep track of program claim codes by recording them as they are provided during sessions.

Posttest questions are not applicable to application-based programs; however, evaluations must be completed. For knowledge-based programs in which presenters did not submit posttest questions, attendees will not be penalized. MPA, as an ACPE-accredited provider, is required to report pharmacist and pharmacy technician CPE credit to CPE Monitor. ACPE guidelines prohibit MPA from issuing credit 60 days or more after the activity for any reason. Therefore, to avoid denial of credit, it is imperative that pharmacists and pharmacy technicians complete the online evaluations and posttests before June 10, 2025. Evaluations and posttests will not be available for completion and requests to process credit will not be accepted after this date. You will receive periodic emails from Lecture Panda reminding you to complete requirements. Due to this process, participants will not receive an attendance form to record programs attended.

THANK YOU TO OUR SPONSORS

to attend.***

PLAY THE MPA PASSPORT GAME

Meet and speak with exhibitors and you could go home a winner!

Playing the MPA Passport Game is easy!

1. Use the passport card you received at registration to participate. If you lose your game card, pick up a new one at the registration desk.
2. During the Exhibit Hall hours, visit exhibitors' booths to learn about their products and services and get your passport stamped by them. All game cards must be completely stamped to be entered into the drawing. (Don't forget to fill in your identification information on the card.)
3. The drawing will be held at 2 p.m. Saturday, April 12, in the Exhibit Hall. Drop your completely stamped card off at the MPA Membership booth no later than 1:30 p.m. Saturday, April 12, to participate.
4. There will be four (4) winners drawn for prizes, including a \$200 VISA gift card, two (2) \$100 VISA gift cards and a one-year MPA membership.

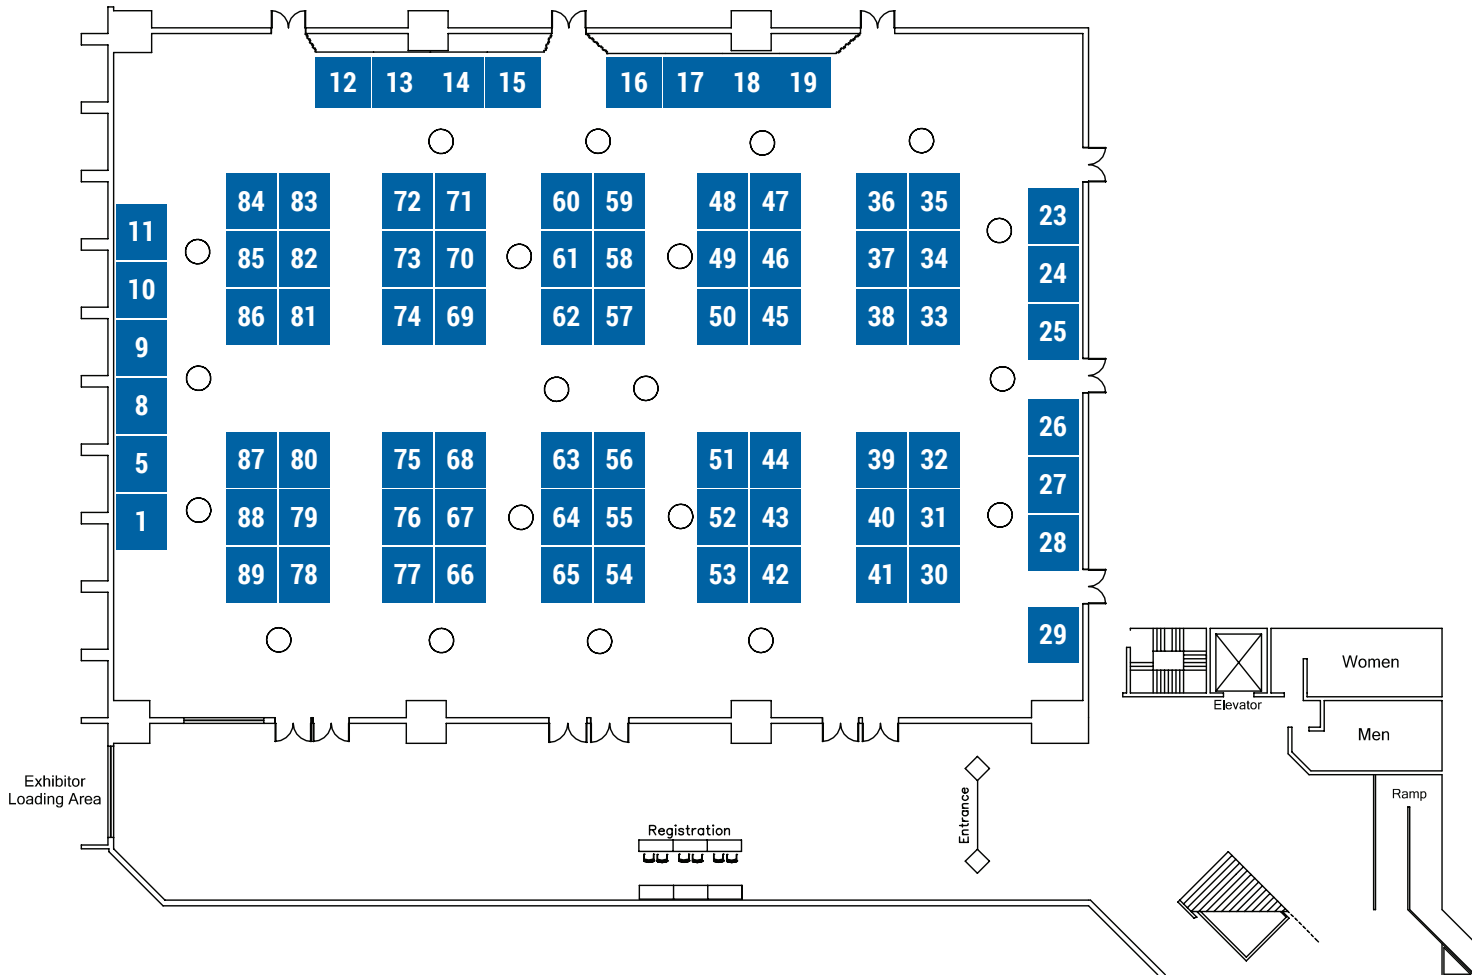

GOOD LUCK!

8-9:30 a.m.

Perceptions in Pediatric Pain Management: Update for Pharmacists and Technicians

Mackinac Room, Lower Level

Target Audience: Pharmacists and Pharmacy Technicians

1.5 contact hours: Application-based activity

ACPE Universal Activity Number: 0112-9999-25-552-L08-P and 0112-9999-25-552-L08-T

Victoria Tutag Lehr, Pharm.D., professor of pharmacy practice, Wayne State University

Pharmacist Learning Objectives: At the end of this activity participants should be able to review the evidence supporting individualized pain management for pediatric patients; explain the appropriate use of opioids for acute/chronic pain conditions in children and adolescents; describe multi-modal analgesia, list commonly used medications for pediatric patients; and apply strategies to identify and manage drug-related problems (DRPs) for pediatric patients with acute and chronic pain conditions.

Pharmacy Technician Learning Objectives: At the end of this activity, participants should be able to review the evidence supporting individualized pain management for pediatric patients; explain the appropriate use of opioids for acute/chronic pain conditions in children and adolescents; describe multi-modal analgesia and list commonly used medications for pediatric patients; and apply strategies to identify and manage drug-related problems (DRPs) for pediatric patients with acute and chronic pain conditions.

PAIN

DOAC Do's and Don'ts

Peninsula Room, Lower Level

Target Audience: Pharmacists and Pharmacy Technicians

1.5 contact hours: Application-based activity

ACPE Universal Activity Number: 0112-9999-25-540-L01-P and 0112-9999-25-540-L01-T

Maureen Smythe, BS Pharm, Pharm.D., clinical professor of pharmacy practice, Wayne State University

Claudia Hanni, Pharm.D., BS Pharm, BCPS, clinical pharmacy specialist, internal medicine, Corewell Health William Beaumont University Hospital

Ekaterina Pechenko, Pharm.D., PGY1 resident, Corewell Health Dearborn Hospital

Pharmacist Learning Objectives: At the end of this activity, participants should be able to outline patient populations where DOACs are preferred; explain patient populations where DOACs are not recommended; apply evidence for DOAC use in areas of therapeutic controversy; and interpret evidence in and apply it to a patient case.

Pharmacy Technician Learning Objectives: At the end of this activity, participants should be able to list patient populations where DOACs are preferred; identify patient populations where DOACs are not recommended; list the recommended dosing approach for direct Xa inhibitors in obesity; and recognize the differences between PREVENT and PCE risk tools.

Diabetes Care for Pharmacy Technicians

Tower A, Lower Level

Target Audience: Pharmacists and Pharmacy Technicians

1.5 contact hours: Application-based activity

ACPE Universal Activity Number: 0112-9999-25-538-L01-P and 0112-9999-25-538-L01-T

Adam King, CPhT, MPH, PRS, director of pharmacy advocacy, Health Plan Advocate; MSPT board member and past president

Pharmacist and Pharmacy Technician Learning Objectives: At the end of this activity, participants should be able to apply the social determinants of health in determining access to diabetes treatment; list the criteria for diagnosing prediabetes and diabetes; illustrate the impact of diabetes on public health; and employ strategies that allow pharmacy technicians to assist pharmacists in diabetes care.

CONVENTION ITINERARY

Immunomodulatory Medications and the Risk for Infection

Tower B, Lower Level

Target Audience: Pharmacists and Pharmacy Technicians

1.5 contact hours: Application-based activity

ACPE Universal Activity Number: 0112-9999-25-549-L01-P and 0112-9999-25-549-L01-T

Dean Van Loo, Pharm.D., professor of pharmacy practice, Ferris State University

Pharmacist Learning Objectives: At the end of this activity, participants should be able to list the immunomodulatory agents which have been associated with particular infections and what those infections are; cite the studies and report the evidence supporting the likelihood of the suspected infections; and given a patient on an immunomodulatory therapy with an infection, choose the appropriate treatment based on the pathogens likely to be encountered.

Pharmacy Technician Learning Objectives: At the end of this activity, participants should be able to list the immunomodulatory agents which have been associated with particular infections and what those infections are; recall the studies and report the evidence supporting the likelihood of the suspected infections; and identify the appropriate treatment based on the pathogens likely to be encountered.

9:30-9:45 a.m. – Programming Break

9:45-11:15 a.m.

No Harm, No Foul? A Look at Safety, Law and Ethics

Mackinac Room, Lower Level

Target Audience: Pharmacists and Pharmacy Technicians

1.5 contact hours: Application-based activity

ACPE Universal Activity Number: 0112-9999-25-557-L05-P and 0112-9999-25-557-L05-T

Brooke Roe, Pharm.D., manager of pharmacy quality and accreditation, Meijer; MSCP board member

Charlie Mollien, Pharm.D., J.D., pharmacy compliance officer, Meijer; MPA past president

Pharmacist and Pharmacy Technician Learning Objectives: At the end of this activity, participants should be able to illustrate 10 core concepts of Just Culture that will assist pharmacy professionals with preparing to implement Just Culture into practice; practice determining the category of human behavior to dispensing error hypotheticals to deepen your understanding of human error, at-risk behavior and reckless behavior; apply the Just Culture Algorithm to a case study; and use the Just Culture Algorithm in a situation involving a pharmacist who makes repetitive human errors and how this situation is handled in a Just Culture.

**ETHICS &
JURISPRUDENCE**

In My Population Health Era: The GLP-1 Battle of Diabetes and Obesity

Peninsula Room, Lower Level

Target Audience: Pharmacists and Pharmacy Technicians

1.5 contact hours: Knowledge-based activity

ACPE Universal Activity Number: 0112-9999-25-536-L01-P and 0112-9999-25-536-L01-T

Tiffany Jenkins, Pharm.D., BCAP, director of population health pharmacy, Trinity Health Alliance of Michigan

Julie Earby, Pharm.D., BCACP, manager of population health pharmacy, Trinity Health Alliance of Michigan

Abigail Johnson, Pharm.D., BCACP, clinical pharmacist, population health, Trinity Health Alliance of Michigan

Pharmacist Learning Objectives: At the end of this activity, participants should be able to recognize the four key categories of the Health Care Payment Learning & Action Network Alternative Payment Model Framework and how these categories inform payer contract design; identify FDA-approved indications for glucagon-like peptide-1 receptor agonists and evolving clinical trials and research; and describe how a pharmacist could design a GLP-1 cost and utilization management program for their institution to ensure safety, efficacy and appropriateness of prescribing.

Pharmacy Technician Learning Objectives: At the end of this activity, participants should be able to recognize the four key categories of the Health Care Payment Learning & Action Network Alternative Payment Model Framework; identify FDA-approved indications for glucagon-like peptide-1 receptor agonists; and describe a pharmacy technician's potential role in a cost and utilization management program.

Community Pharmacies as Sentinel Surveillance Sites for Respiratory Pathogens

Tower B, Lower Level

Target Audience: Pharmacists and Pharmacy Technicians

ACPE Universal Activity Number: 0112-9999-25-531-L03-P and 0112-9999-25-531-L03-T

1.5 contact hours: Application-based activity

Michael Klepser, Pharm.D., FCCP, professor of pharmacy practice, Ferris State University

Marty Soehnlen, PhD, MPH, infectious disease division director, Michigan Department of Health and Human Services Bureau of Laboratories

Pharmacist and Pharmacy Technician Learning Objectives: At the end of this activity, participants should be able to describe the state of Michigan sentinel surveillance program; illustrate how data from the sentinel surveillance program can be used to care for patients; and describe how pharmacies could become contributors to the sentinel surveillance program.

CONVENTION ITINERARY

Improving H. Pylori Management Through Pharmacist Intervention

Tower A, Lower Level

Target Audience: Pharmacists and Pharmacy Technicians

1.5 contact hours: Knowledge-based activity

ACPE Universal Activity Number: 0112-9999-25-558-L01-P and 0112-9999-25-558-L01-T

Christina Smith, Pharm.D., BCPS, ambulatory clinical pharmacist, Covenant HealthCare

Rachel Kollmeyer, Pharm.D., BCACP, pharmacy clinical administrator, Covenant HealthCare

Pharmacist Learning Objectives: At the end of this activity, participants should be able to identify treatment regimens for H. pylori infections; describe monitoring parameters for patients receiving H. pylori treatment; and describe barriers to treatment of H. pylori infections.

Pharmacy Technician Learning Objectives: At the end of this activity, participants should be able to recognize medication combinations used to treat H. pylori infections; describe strategies to assist patients experiencing insurance coverage issues for H. pylori treatment; and identify medications used to treat H. pylori infections that are common medication allergies.

11:30 a.m.-12:30 p.m. – Sponsor Product Theater Sessions

Tower A, Tower B, Tower C, Mackinac Room, Peninsula Room, Lower Level

11:30 a.m.-12:45 p.m. – Past Presidents Luncheon

Directors' Room, Lobby Level – Invitation Only

12:30-1 p.m. – Programming Break & General Session Doors Open

Michigan Ballroom, Lobby Level

12:45-1:30 p.m. – Convention Welcoming

Michigan Ballroom, Lobby Level

Join us in the Michigan Ballroom for opening remarks from MPA President Ryan Greenley and CEO Mark Glasper. MPA will also present awards for the Executive Board Medal, Distinguished Young Pharmacist, Fellow of MPA, Excellence in Innovation and Hall of Honor.

1:30-3 p.m. – Opening Keynote Session

NCPA CEO Doug Hoey

Michigan Ballroom, Lobby Level

Target Audience: Pharmacists and Pharmacy Technicians

1.5 contact hours: Knowledge-based activity

ACPE Universal Activity Number: 0112-9999-25-567-L04-P and 0112-9999-25-567-L04-T

Doug Hoey, CEO, National Community Pharmacists Association

Pharmacist and Pharmacy Technician Learning Objectives: At the end of this activity, participants should be able to list three effects of isolation and loneliness on patient health; describe the diverse ways in which pharmacists impact patient health outcomes; and discuss potential solutions to competing pressures on pharmacy's health care model.

3-3:30 p.m. – Refreshment Break

Michigan Prefunction, Lobby Level

3:30-5 p.m.

Perks and Pitfalls of Non-Opioid Pain Strategies

Mackinac Room, Lower Level

Target Audience: Pharmacists and Pharmacy Technicians

1.5 contact hours: Knowledge-based activity

ACPE Universal Activity Number: 0112-9999-25-547-L08-P and 0112-9999-25-547-L08-T

Rebecca Rudaski Nelson, Pharm.D., RPh, emergency medicine clinical pharmacist, MyMichigan Medical Center Midland

Pharmacist Learning Objectives: At the end of this activity, participants should be able to review the safety and efficacy of common non-opioid pain management therapies in various patient populations, including substance use disorder, pregnancy and chronic pain; select appropriate therapy based on patient-specific criteria, goals of therapy and previous pain management; discuss the benefits of non-opioid options to prescribers to make informed decisions; explain the appropriateness of using opioid therapy in certain patient populations; and identify alternates to opioid use and their specific uses.

Pharmacy Technician Learning Objectives: At the end of this activity, participants should be able to identify alternates to opioid use and their specific uses; discuss benefits and disadvantages of opioid use to patients; and recognize potential side effects of opioid therapy.

PAIN

CONVENTION ITINERARY

Primary Care Potpourri: Everything the Ambulatory Care Pharmacist Needs to Know

Peninsula Room, Lower Level

Target Audience: Pharmacists and Pharmacy Technicians

1.5 contact hours: Application-based activity

ACPE Universal Activity Number: 0112-9999-25-544-L01-P and 0112-9999-25-544-L01-T

Alison Lobkovich, Pharm.D., clinical assistant professor, Wayne State University; ambulatory care pharmacy specialist, Henry Ford Health

Amber Lanae Martirosov, Pharm.D., BCACP, BCPS, clinical associate professor, Wayne State University, residency program director, PGY2 ambulatory care, Henry Ford Hospital

Hannah Ferrari, Pharm.D., BCACP, clinical assistant professor, Wayne State University; ambulatory care pharmacist, Henry Ford Health

Pharmacist and Pharmacy Technician Learning Objectives: At the completion of this activity, participants should be able to interpret recent literature that is changing the future of pulmonary medicine, including emerging therapies, technological advancements and potential breakthroughs; describe new and modified treatment strategies in the management of weight-related conditions; apply evidence from the multi-society guidelines for the treatment of lipid disorders using novel agents; and use patient-specific factors to develop a treatment plan for the management of pulmonary, lipid and weight-related conditions.

Disorganized: Management of Adult ADHD

Tower A, Lower Level

Target Audience: Pharmacists and Pharmacy Technicians

1.5 contact hours: Application-based activity

ACPE Universal Activity Number: 0112-9999-25-534-L01-P and 0112-9999-25-534-L01-T

Jill Coyveau, Pharm.D., associate professor of pharmacy practice, Ferris State University

Pharmacist Learning Objectives: At the end of this activity, participants should be able to describe the need for treatment of ADHD in the adult population; use guideline recommendations to develop evidence-based treatment plans for adults with ADHD; and apply patient-specific characteristics to ADHD treatment plans.

Pharmacy Technician Learning Objectives: At the end of this activity, participants should be able to describe the need for treatment of ADHD in the adult population; recall guideline recommendations for the treatment of ADHD in adults; and recognize patient-specific characteristics that affect treatment for ADHD in adults.

Are They Worth It: OTC and Mabs for Mild Cognitive Impairment and Alzheimer's Disease

Tower B, Lower Level

Target Audience: Pharmacists and Pharmacy Technicians

1.5 contact hours: Application-based activity

ACPE Universal Activity Number: 0112-9999-25-522-L01-P and 0112-9999-25-522-L01-T

Mary Beth O'Connell, Pharm.D., professor of pharmacy practice, Wayne State University

Pharmacist Learning Objectives: At the end of this activity, participants should be able to explain the pharmacology, treatment outcomes and costs of amyloid beta plaque inhibitor monoclonal antibodies; select the tests needed to evaluate mild cognitive impairment and Alzheimer's disease; review the evidence of over the counter medications for mild cognitive impairment and Alzheimer's disease; and choose the correct prescription and over-the-counter medications to decrease risk of developing and or progression of cognitive dysfunction.

Pharmacy Technician Learning Objectives: At the completion of this activity, participants should be able to explain the role of amyloid beta plaque monoclonal antibodies; review the evidence of over-the-counter medications for mild cognitive impairment and Alzheimer's disease; and choose which patient might benefit from Prevagen.

4:30-8 p.m. Exhibit Hall Grand Opening

Governors' Hall, Lower Level

5-8 p.m. MPF Cornhole Tournament

8:30-10 a.m.

New Drug Update 2025

Mackinac Room, Lower Level

Target Audience: Pharmacists and Pharmacy Technicians

1.5 contact hours: Knowledge-based activity

ACPE Universal Activity Number: 0112-9999-25-556-L01-P and 0112-9999-25-556-L01-T

Katie Wenstrom, Pharm.D., CSP, manager, central clinical services and education, Meijer

Preston Taylor, Pharm.D., BCPS, clinical pharmacist, Trinity Health Muskegon

Pharmacist and Pharmacy Technician Learning Objectives: At the end of this activity, participants should be able to identify significant therapeutic agents that were granted U.S. Food and Drug Administration approval in the past year; describe indications, doses, adverse events, drug interactions and pertinent patient counseling points for recently-approved medications; and discuss the clinical impact and potential role of therapy of recently-approved medications.

The Weight of It All: An Update and Review on Medications for Obesity

Tower B, Lower Level

Target Audience: Pharmacists and Pharmacy Technicians

1.5 contact hours: Knowledge-based activity

ACPE Universal Activity Number: 0112-9999-25-537-L01-P and 0112-9999-25-537-L01-T

Anne Ottney, Pharm.D., BCPS, professor, Wayne State University; ambulatory care pharmacist, University of Michigan Health-Sparrow Family Medicine Residency Program

Pharmacist and Pharmacy Technician Learning Objectives: At the end of this activity, participants should be able to define the risks and benefits of currently approved weight loss medications; solve a patient case regarding access to obesity treatment; and discuss medications for obesity that are currently in the pipeline for approval.

2023 AFib Guidelines: The Pharmacist's Playbook

Peninsula Room, Lower Level

Target Audience: Pharmacists and Pharmacy Technicians

1.5 contact hours: Knowledge-based activity

ACPE Universal Activity Number: 0112-9999-25-554-L01-P and 0112-9999-25-554-L01-T

Renee Koski, Pharm.D., professor of pharmacy practice, Ferris State University

Pharmacist Learning Objectives: At the end of this activity, participants should be able to explain changes in atrial fibrillation management based on the 2023 guidelines; choose appropriate stroke prevention strategies based on a patient's comorbid conditions; and discuss appropriate monitoring parameters for atrial fibrillation medications, based on a patient's comorbid conditions.

Pharmacy Technician Learning Objectives: At the completion of this activity, participants should be able to explain where to find updated information regarding the use of medications for atrial fibrillation management; list appropriate medications to be prescribed for patients with atrial fibrillation; and discuss the risks and benefits of medications used to treat atrial fibrillation.

Pain and the Patient: How Empathy Can Improve Pain and the Profession

Tower A, Lower Level

Target Audience: Pharmacists and Pharmacy Technicians

1.5 contact hours: Knowledge-based activity

ACPE Universal Activity Number: 0112-9999-25-539-L08-P and 0112-9999-25-539-L08-T

Sheila Wilhelm, Pharm.D., FCCP, BCPS, clinical professor and patient care laboratory coordinator, Wayne State University

Sean McConachie, Pharm.D., MPH, respiratory medical science liaison, AstraZeneca

Pharmacist and Pharmacy Technician Learning Objectives: At the end of this activity, participants should be able to describe the biologic underpinnings of the placebo effect and its potential use in patients who suffer from physical and social pain; review the role of empathy in mediating positive outcomes for patients with pain, anxiety and depression; and use the principles of empathy and placebo to brainstorm and discuss methods of employing empathy in your own pharmacy practice.

10-10:15 a.m. – Programming Break

10:15-10:30 a.m.

Awards Presentation

Michigan Ballroom, Lobby Level

Join MPA as it presents the Bowl of Hygeia and Fred W. Arnold Public Relations Award.

PAIN

CONVENTION ITINERARY

10:30-Noon – Keynote Session

Trauma-Informed Care: Transformative Strategies for Pharmacy Professionals

Michigan Ballroom, Lobby Level

Target Audience: Pharmacists and Pharmacy Technicians

1.5 contact hours: Application-based activity

ACPE Universal Activity Number: 0112-9999-25-563-L04-P and 0112-9999-25-563-L04-T

Katie Kurtz, trauma-informed care subject matter expert

Pharmacist and Pharmacy Technician Learning Objectives: At the end of this activity, participants should be able to apply the understanding of stress, burnout, trauma and resilience (SBTR) and its effect; gain a clear understanding of stress, burnout, trauma and resilience, including their definitions, root causes and how they manifest in everyday life; interpret the impact of SBTR; learn how SBTR affects individuals and companies and identify your role in addressing these challenges; employ trauma-informed leadership principles; discover the core guiding principles of trauma-informed leadership; and explore how adopting this approach fosters safety, trust and mutually beneficial environments.

11:30 a.m.-2:30 p.m. – Exhibit Hall Hours & Lunch

Governors' Hall, Lower Level

12:15-1:45 p.m.

CSPM Annual Meeting and Awards Luncheon*

MPF Cornhole Tournament

ACE Poster Presentations

Governors' Prefunction, Lower Level

1.0 contact hours: Knowledge-based activity

ACPE Universal Activity Number: 0112-999-25-566-L01P and 0112-999-25-566-L01T

**Limited tickets available for these events at registration desk*

2-2:15 p.m. – Awards Presentation

The Michigan Pharmacy Foundation will present its annual scholarship awardees.

2:15-3:45 p.m.

NASPA/NMA Self-Care Competition

Michigan Ballroom, Lobby Level

Target Audience: Pharmacists and Pharmacy Technicians

1.5 contact hours: Application-based activity

ACPE Universal Activity Number: 0112-9999-25-570-L04-P and 0112-9999-25-570-L04-T

Host: Brittany Stewart

Moderator: Kevin Szyskowski

Judges: Tonino Michienzi, Katie Wenstrom and Kayla Backus

Pharmacist and Pharmacy Technician Learning Objectives: At the end of this activity participants should be able to identify and explain aspects of the effective and safe practices of pharmacy self-care; describe at least two over-the-counter and prescription medication interactions that pharmacists and pharmacy technicians should be aware of; and list three OTC medications and their use. Pharmacists should identify counseling points for each of three OTC medications.

3:45-4 p.m. – Programming Break

4-6 p.m.

Implicit Bias Training – Language Services in the Community Pharmacy Setting

**IMPLICIT BIAS
TRAINING**

Please note, this session will run from 4-6 p.m. in accordance with the requirement of this training being two hours

Tower B, Lower Level

Target Audience: Pharmacists and Pharmacy Technicians

2.0 contact hours: Application-based activity

ACPE Universal Activity Number: 0112-9999-25-545-L05-P and 0112-9999-25-545-L05-T

Beatriz Manzor Mitrzyk, Pharm.D., assistant professor of pharmacy, University of Michigan

Pharmacist and Pharmacy Technician Learning Objectives: At the end of this activity, participants should be able to describe the need to provide language services in the community pharmacy setting; explain best practices to provide language services in this setting; discuss possible outcomes and obstacles to providing these services in the community pharmacy setting; and use a language services readiness tool to assess your community pharmacy.

CONVENTION ITINERARY

4-6 p.m. – STI Escape Room

Council Room, Lobby

4-5:30 p.m.

Immunization Update 2025

Peninsula Room, Lower Level

Target Audience: Pharmacists and Pharmacy Technicians

1.5 contact hours: Knowledge-based activity

ACPE Universal Activity Number: 0112-0000-24-543-L06-P and 0112-0000-24-543-L06-T

Joe Fava, Pharm.D., BCACP, clinical assistant professor, Wayne State University

Pharmacist Learning Objectives: At the end of this activity, participants should be able to review the CDC/ACIP's 2025 Child/Adolescent and Adult Immunization Schedules; discuss the most current safety and efficacy data on vaccines that recently received FDA approval; and locate and interpret the CDC's/ACIP's most up-to-date recommendations for these vaccines.

Pharmacy Technician Learning Objectives: At the end of this activity, participants should be able to review the proper storage, handling, dosing and administration for these vaccines; identify patients who may be eligible to receive these vaccines; and recognize the contraindications and precautions to administering these vaccines.

Shortage Drug Compounding and Marketing Best Practices

Mackinac Room, Lower Level

THIS SESSION WAS MADE POSSIBLE BY A GRANT FROM THE PHARMACY COMPOUNDING FOUNDATION

Target Audience: Pharmacists and Pharmacy Technicians

1.5 contact hours: Knowledge-based activity

ACPE Universal Activity Number: 0112-9999-25-562-L04-P and 0112-9999-25-562-L04-T

Scott Brunner, CEO, Alliance for Pharmacy Compounding

Pharmacist Learning Objectives: At the end of this activity, participants should be able to explain the state and federal regulatory framework in which pharmacy compounders operate; describe circumstances under which a pharmacy may compound "essentially a copy" of an FDA-approved drug; discuss the steps compounders take to ensure purity, quality and potency of compounded GLP-1 drugs; and elucidate the differences between legitimate compounded products dispensed by a state-licensed pharmacy pursuant to a prescription and illicit substance purchased outside a pharmacy.

Pharmacy Technician Learning Objectives: At the end of this activity, participants should be able to explain the state and federal regulatory framework in which pharmacy compounders operate; describe circumstances under which a pharmacy may compound "essentially a copy" of an FDA-approved drug; discuss the steps compounders take

to ensure purity, quality and potency of compounded GLP-1 drugs; differentiate between legitimate compounded products dispensed by a state-licensed pharmacy pursuant to a prescription and illicit substance purchased outside a pharmacy.

Community Pharmacy Clinical Services: Management and Motivation

Tower A, Lower Level

Target Audience: Pharmacists and Pharmacy Technicians

1.5 contact hours: Application-based activity

ACPE Universal Activity Number: 0112-9999-25-532-L03-P and 0112-9999-25-532-L03-T

Lisa Bade, Pharm.D., pharmacy clinical care coordinator, SpartanNash; MPA Executive Board member

David Bright, Pharm.D., RPh, professor of pharmaceutical science, Ferris State University; MSCP board chair

Pharmacist and Pharmacy Technician Learning Objectives: At the end of this activity, participants should be able to describe the increasing number and complexity of community pharmacy job tasks; explain the concepts of purpose, autonomy and mastery as it relates to motivating employees; and apply the concepts of purpose, autonomy, and mastery to example community pharmacy scenarios.

5:45-6:45 p.m.

Student Social

CONVENTION ITINERARY

8-9:30 a.m.

Identifying Advocacy Priorities Across Pharmacy

Mackinac Room, Lower Level

Target Audience: Pharmacists and Pharmacy Technicians

1.5 contact hours: Application-based activity

ACPE Universal Activity Number: 0112-9999-25-559-L03-P and 0112-9999-25-559-L03-T

Amy Thompson, Pharm.D., clinical professor of pharmacy, University of Michigan

Jake Holler, Pharm.D., director of acute care pharmacy services, University of Michigan Home Medicine Pharmacy

Karen Purcell-Kobel, RPh, pharmacy supervisor, Henry Ford Health

Pharmacist and Pharmacy Technician Learning Objectives: At the end of this activity, participants should be able to discuss with colleagues from academia, community and health-system pharmacy advocacy points that are most impactful to you as a pharmacist; identify top priorities for your area of practice to bring to MPA; and write a list of top priorities to share with MPA from an advocacy standpoint.

Ethic and Jurisprudence

Tower A, Lower Level

Target Audience: Pharmacists and Pharmacy Technicians

1.5 contact hours: Knowledge-based activity

ACPE Universal Activity Number: 0112-9999-25-560-L03 P and 0112-9999-25-560-L03 T

Kim Sveska, RPh, M.S., J.D.; pharmacist/attorney, Foley, Baron Metzger & Juip PLLC

Pharmacist and Pharmacy Technician Learning Objectives: At the end of this activity, participants should be able to list ethical and potential legal issues relating to dispensing controlled substances; discuss examples of ethics cases discussed during the presentation; recognize areas which present pharmacists and pharmacy technicians with ethical obligations to patients; and distinguish between ethical and legal obligations.

ETHICS & JURISPRUDENCE

Resilience in Action: Overcoming an Extended System Downtime

Peninsula Room, Lower Level

Target Audience: Pharmacists and Pharmacy Technicians

1.5 contact hours: Application-based activity

ACPE Universal Activity Number: 0112-9999-25-542-L04-P and 0112-9999-25-542-L04-T

Rachel Guggemos, Pharm.D., inpatient operations manager, Henry Ford Health Genesys

Jacqueline McDonnell, Pharm.D., MBA, PGY2 health system pharmacy administration and leadership resident, Henry Ford Health Genesys

Ryan Bickel, Pharm.D, MHA, FAHSP, pharmacy executive, Ascension; MPA Executive Board member

Pharmacist and Pharmacy Technician Learning Objectives: At the end of this activity, participants should be able to describe the impact of interruptions to health information technologies (HIT) on key aspects of pharmacy practice, including medication dispensing, patient safety, regulatory compliance and inventory management; demonstrate how to develop and implement downtime contingency plans that ensure safe and efficient medication distribution during HIT outages; discuss real-life examples of extended downtimes to identify common challenges and solutions during HIT system failures; review the effectiveness of existing contingency plans in maintaining regulatory compliance, patient safety and operational continuity during planned and unplanned HIT disruptions; and write comprehensive downtime contingency plans that align with the five areas of emergency preparedness (prevention, mitigation, preparedness, response and recovery) as recommended by the American Society of Health-System Pharmacists.

Preventing & Slowing Progression of CKD: A Pharmacy-Focused Evaluation of the 2024 KDIGO CKD Clinical Practice Guideline

Tower B, Lower Level

Target Audience: Pharmacists and Pharmacy Technicians

1.5 contact hours: Knowledge-based activity

ACPE Universal Activity Number: 0112-9999-25-535-L01-P and 0112-9999-25-535-L01-T

Dane Shiltz, Pharm.D., professor of pharmacy practice, Ferris State University

Pharmacist and Pharmacy Technician Learning Objectives: At the end of this activity, participants should be able to define updated criteria to best identify and to stage the diagnosis of CKD per the 2024 KDIGO CKD Clinical Practice Guideline; identify established risk factors for new-onset CKD as well as preexisting CKD progression; and review pharmacological options and their primary literature-supported corresponding place in therapy to reduce CKD progression and CKD-related adverse outcomes newly outlined in the 2024 KDIGO CKD Clinical Practice Guideline.

CONVENTION ITINERARY

9:30-9:45 a.m. – Programming Break

9:45-11:15 a.m.

Cardiology Update: The Need to Know From New Guidelines and Literature

Mackinac Room, Lower Level

Target Audience: Pharmacists and Pharmacy Technicians

1.5 contact hours: Knowledge-based activity

ACPE Universal Activity Number: 0112-9999-25-530-L01-P and 0112-9999-25-530-L01-T

Shelby Kelsh, Pharm.D., BCPS, associate professor of pharmacy practice, Ferris State University

Pharmacist Learning Objectives: At the end of this activity, participants should be able to identify the changes to atrial fibrillation medication management; describe when to utilize non-statin medications for LDL lowering; restate literature that supports GDMT in heart failure; and describe the differences between the PREVENT and PCE risk tools.

Pharmacy Technician Learning Objectives: At the end of this activity, participants should be able to list the three pillars of atrial fibrillation treatment; name the non-statin medications utilized for LDL lowering; recall indications for newly-approved medications in cardiology; and recognize the differences between the PREVENT and PCE risk tools.

Pharmacogenomics in Practice: Strategies for Implementation and Growth

Peninsula Room, Lower Level

Target Audience: Pharmacists and Pharmacy Technicians

1.5 contact hours: Knowledge-based activity

ACPE Universal Activity Number: 0112-9999-25-561-L04-P and 0112-9999-25-561-L04-T

Long To, pharmacogenomics specialist, Henry Ford Health

Pharmacist and Pharmacy Technician Learning Objectives: At the completion of this activity, participants should be able to identify barriers to successful PGx implementation; apply strategies for integrating PGx into clinical workflows; relate to real-world case examples of PGx programs in practice; and discuss approaches for long-term sustainability and growth.

Artificial Intelligence (AI) in Health Care: Will AI Replace Pharmacists?

Tower B, Lower Level

Target Audience: Pharmacists and Pharmacy Technicians

1.5 contact hours: Application-based activity

ACPE Universal Activity Number: 0112-9999-25-553-L99-P and 0112-9999-25-553-L99-T

Travis MacFarlane, Pharm.D., medicare quality clinical pharmacy specialist, Priority Health

Pharmacist and Pharmacy Technician Learning Objectives: At the completion of this activity, participants should be able to understand the emerging role of AI in pharmacy and health care; explore the applications of language models in pharmacy; and evaluate the benefits and limitations of AI in pharmacy and health care practice.

Comprehensive Medication Review: The Road to a Better Hospital Discharge

Tower A, Lower Level

Target Audience: Pharmacists and Pharmacy Technicians

1.5 contact hours: Knowledge-based activity

ACPE Universal Activity Number: 0112-9999-25-533-L01-P and 0112-9999-25-533-L01-T

Tonino Michienzi, RPh, medication therapy management pharmacist, Walgreens

Pharmacist and Pharmacy Technician Learning Objectives: At the end of this activity, participants should be able to explain how medication therapy management was initiated, what a comprehensive medication review is and what are the goals of these interventions; list the methods and design of our study; indicate the results of our study and what they mean; identify the shortcomings of our study and what could be done to improve the study and its conclusions; and report our conclusions and outline what can be done with comprehensive medication reviews and how to better convey our recommendations to physicians to ultimately improve patient care and reduce re-admission rates to hospitals.

9:45 a.m.-12:45 p.m. – House of Delegates

Michigan Ballroom, Lobby Level

The MPA House of Delegates is the policy-forming body of the Association. At each Annual Convention & Exposition, the House of Delegates convenes to discuss proposed policy changes and review the MPA Bylaws. After discussion and vote on any proposed changes, those resolutions are directed to the MPA Executive Board for review and recommendation. This session is open to the membership for viewing.

12:45 p.m. – Convention Adjourns

MICHIGAN PHARMACISTS ASSOCIATION

PHARMACY HALL OF HONOR

The Pharmacy Hall of Honor was established by the Michigan Pharmacists Association (MPA) in 1986 to recognize members who have provided volunteer leadership in service to the Association by participating on Committees and in designated Association programs. Each year, qualifying members who have accumulated 500 points for their volunteer activities are inducted into the Hall of Honor. In addition to the individual's name being displayed in the Pharmacy Hall of Honor at the MPA office, the recipient receives an exclusive lapel pin to signify the accomplishment.

FELLOW OF MICHIGAN PHARMACISTS ASSOCIATION

The designation Fellow of Michigan Pharmacists Association (MPA) recognizes the honorees' achievements and dedication to the practice of pharmacy and the community. This distinction signifies the recipients' actions well beyond regular pharmacy practice. The fellowship is divided into three areas: professional actions in practice, public service and Association participation, all of which help define a well-rounded pharmacist. Recipients receive an exclusive lapel pin, a certificate and recognition in the *Michigan Pharmacist*.

MICHIGAN PHARMACY FOUNDATION STUDENT SCHOLARSHIP PROGRAM

The Michigan Pharmacy Foundation (MPF) is proud to recognize exceptional student pharmacists during the Michigan Pharmacists Association (MPA) Annual Convention & Exposition. Each year, a \$2,500 scholarship is awarded to at least one student pharmacist at each of Michigan's three colleges of pharmacy. The Larry Wagenknecht Leadership Scholarship is a \$3,000 scholarship established in 2021. Since 2002, MPF has awarded more than \$150,000 in scholarships to deserving future practitioners.

MICHIGAN PHARMACISTS ASSOCIATION

FRED W. ARNOLD PUBLIC RELATIONS AWARD

**LAMBDA KAPPA
SIGMA**
Wayne State University

This award is presented to a Michigan Pharmacists Association (MPA) member or team of MPA members who have shown outstanding achievement and dedication to the pharmacy profession through community education and awareness.

The Wayne State University Omicron Chapter of Lambda Kappa Sigma is focused on improving health of women and promoting women in pharmacy. This past year, LKS has offered seminars and trivia events to WSU students to decrease the knowledge gaps they have regarding reproductive health and safe sex behaviors.

LKS members also educated students about House Bills 5435 and 5436 and how to send an email to their legislators to support pharmacists prescribing contraception in community pharmacies and reimbursement for that service.

LKS has been a vocal educator informing communities about the important impact the pharmacy profession can have on health, well being and advancing pharmacy services.

DISTINGUISHED YOUNG PHARMACIST AWARD

MIKE NABOLSI

Livonia

The Pharmacists Mutual™ Distinguished Young Pharmacist Award (formerly the Distinguished New Pharmacist Practitioner Award) is presented annually to an MPA member pharmacist who has been licensed to practice for less than 10 years and participates in local, state and national pharmacy associations, professional programs and/or community service.

Mike Nabolsi is the pharmacist in charge at Warriors Pharmacy located in Detroit. His passion for community pharmacy has led him to become an advocate for the profession. He is currently serving as president-elect for the Michigan Society of Community Pharmacists.

He also serves on the MPA Government Affairs Committee and is a board trustee for the Michigan Pharmacy Foundation. Nabolsi precepts pharmacy students and is an instructor at the Wayne State University Eugene Applebaum College of Pharmacy and Health Sciences. His pharmacy experience is primarily in independent community pharmacy.

EXCELLENCE IN INNOVATION AWARD

CURTIS COLLINS

Dexter

The Excellence in Innovation Award is presented annually to an individual or team that has demonstrated an innovative pharmacy practice program, resulting in improved patient care or safety, advancement of the profession, enhanced systems or other professional development.

Curtis Collins is a clinical pharmacy specialist, infectious diseases and antimicrobial stewardship, at Trinity Health St. Joseph Mercy Ann Arbor.

In 2013, Collins initiated and led a multidisciplinary team to rethink and redesign the approach to allergy management at Trinity Health Ann Arbor and Livingston. Collins performed an extensive literature evaluation and ultimately developed an antibiotic side-chain based cross-reactivity chart for the institution's formulary β -lactam antibiotics. Further operational processes were developed for pharmacy staff to improve allergy assessment including historical profile review for tolerance of β -lactam agents, electronic medical record updates and defined communication procedures to clarify allergies and antibiotic choice.

In 2022, the Joint Task Force representing multiple allergy organizations suggested that for patients with a history of anaphylaxis to a penicillin, a structurally dissimilar R1 side chain cephalosporin can be administered without testing or additional precaution. Collins led this process nearly a decade before official society practice recommendations and his work serves as a model for institutions across the world.

The innovative nature of this allergy management work has been recognized through an ASHP Best Practice Award in 2021. Collins has demonstrated strong improvements for patients and revolutionized antibiotic use in patients with allergies at Trinity Health Ann Arbor.

EXECUTIVE BOARD MEDAL

CHARLIE MOLLIEEN
Hudsonville

The Executive Board Medal Award is given annually to an individual who has demonstrated an extraordinary personal commitment to the Michigan Pharmacists Association (MPA). The award was developed to recognize individuals who have been instrumental to the Executive Board and to the Association in advancing pharmacy's agenda.

Charlie Mollien is a pharmacist, attorney, former MPA president and past chair of the Michigan Board of Pharmacy.

He is the pharmacy compliance officer for Meijer pharmacies and leads the company's patient safety, regulatory compliance, drug diversion, privacy and accreditation programs. He is a respected expert in Michigan on pharmacy law, has been recognized as the MPA Distinguished Young Pharmacist and the Pharmacist of the Year for the Michigan Society of Community Pharmacists.

BOWL OF HYGEIA AWARD

FARAH JALLOUL-RIZK

Dearborn Heights

The Bowl of Hygeia derives its name from the Greek goddess of the same name, who was the goddess of health, cleanliness and hygiene. The Bowl of Hygeia Award is given to a pharmacist who has made outstanding professional contributions and has participated in community or governmental activities that reflect well on the profession.

Farah Jalloul-Rizk is the chief pharmacy officer for the Michigan Pharmacists Association.

Jalloul-Rizk was MPA's Executive Fellow in 2017 and was named its director of professional affairs in 2018. She has also served as the state of Michigan's pharmacy emergency preparedness coordinator since 2018.

Jalloul-Rizk was named MPA's chief pharmacy officer in 2024, expanding her role to take over the association's education department. In this role, her focus is on grants, community pharmacy and engaging students.

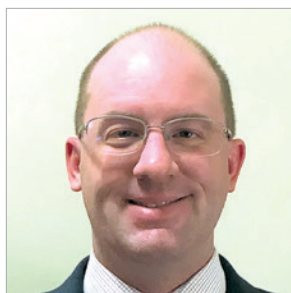

In 2023, she was awarded MPA's Distinguished New Pharmacist Practitioner Award (now the Distinguished Young Pharmacist Award) and was honored with the Hubert H. Humphrey Award by the American Pharmacists Association (APhA). Jalloul-Rizk earned her Doctor of Pharmacy and Master of Business Administration from Ferris State University.

PHARMACIST OF THE YEAR AWARD

JESSE HOGUE

Portage

The Michigan Pharmacists Association (MPA) Pharmacist of the Year Award is presented annually as the highest honor in Michigan pharmacy. This lifetime achievement honor is given to a pharmacist who demonstrates professional excellence and exemplary service to the profession in advancing public health at either the state or local level and displays all the traits and characteristics of someone with a true commitment to advancing the pharmacy profession and public health.

Jesse Hogue is the pharmacy education coordinator, the PGY1 pharmacy residency director and an emergency department pharmacist at Bronson Methodist Hospital in Kalamazoo. He received his Doctor of Pharmacy degree from Ferris State University and completed residency training at Bronson Methodist Hospital.

Hogue has been a very engaged member since joining MPA in 1998, having served as president, treasurer and executive board member for the Michigan Society of Health-System Pharmacists; as an MPA executive board member; as a delegate in the MPA House of Delegates for many years; and as a member on numerous MSHP and MPA committees and taskforces.

He has been recognized in Michigan for his contributions to the profession as a Fellow of MPA and a member of the MPA Pharmacy Hall of Honor, among other awards. Hogue has also been actively engaged at the national level, serving on American Society of Health-System Pharmacists' Councils and Commissions and for many years as a Michigan delegate to the ASHP House of Delegates. He is currently serving as the ASHP House of Delegates Chair and on the ASHP Board of Directors.

MPF DONATION DRIVE

**\$5,000 GOAL
THANK YOU!**

**Goal:
250+ Donors**

The Michigan Pharmacy Foundation (MPF) is holding a donation drive during this year's Annual Convention & Exposition. The Foundation supports scholarships, leadership development training, and grant opportunities for underserved communities.

Funds raised in this drive will support these activities and, through them, its mission **"To Foster the Future of Pharmacy"**.

Donate today to the MPF to invest in the Foundation's vision of:
"One Pharmacy Profession, Maximizing Health and Wellness".
