

RECORDING SHEET FOR HOURS WORKED DURING COVID-19 EMERGENCY

According to the State of Michigan Office of the Governor Executive Order 2020-49, the Michigan Department of Licensing and Regulatory Affairs (LARA) may recognize hours that licensed healthcare providers worked during the COVID-19 emergency as hours worked toward continuing education courses or programs required for licensure.

In anticipation of LARA accepting these hours toward licensure renewal, Michigan Pharmacists Association (MPA) has created this documentation form to assist pharmacy professionals in tracking legitimate hours worked during the novel coronavirus (COVID-19) pandemic.

Please keep this document for your records and submit to LARA if required upon licensure renewal. In addition, MPA members should email their form(s) to CE@MichiganPharmacists.org and MPA will maintain a historical record of the hours you've earned for future reference. Please note that hours worked during the COVID-19 emergency will only be valid in Michigan and will not be accredited through the Accreditation Council for Pharmacy Education or submitted to your CPE Monitor record.
