# MPA House of Delegates Enrolled Resolutions (2020 - Present)

| | Resolution: Title | Therefore, Be it Resolved | Relevant Actions | Outcomes | Status | Recommendation | Abbreviated Recommendation |
|---|---|---|---|---|---|---|---|
| Enrolled: Feb 2022<br>Adopted: Oct 2022<br>Renewed: April 2025 | 22-02: Implementing a Non-Reportable Notice of Non-Compliance Action for non-clinical violations of the Michigan Public Health Code | That MPA works with the Department of Licensing and Regulatory Affairs, and the Michigan Board of Pharmacy Disciplinary Subcommittee to create a non-reportable Notice of Non-compliance action for first time administrative violations of the Act that did not have any impact on a patient's health safety or welfare. | Just Culture presentation on 2/19/25 at BOP. LARA and some BOP members seem resistant to changes to allow this mechanism. LARA clarified that it would require a statutory change.<br><br>House Bill 4926, was also introduced in 2025. It allows licensed health professionals to apply to remove minor CE violations once they complete the required credits. | - | ACTIVE | The goal of the resolution remains important and relevant to protecting pharmacists from excessive penalties for minor administrative infractions. The MPA Executive Board recommends **renewal** of the resolution. | Renewal |
| Enrolled: Feb 2022<br>Adopted: Oct 2022<br>Renewed: April 2025 | 22-06: Independent Long-Acting Injectable Administration Authority for Pharmacists | That MPA pursues legislative changes to allow pharmacists to administer and be reimbursed for the administration of prescribed injectables autonomously, independent of a physician-authorized collaborative practice agreement. | Meetings with Invidior in 2025 indicate this may be a top priority in 2025/26. MPA has pledged to being part of their coallition should the language be introduced.<br><br>Draft language has been reviewed to authorize this practice, but the legislation has not yet been introduced. | - | ACTIVE | This resolution remains highly relevant as expanding pharmacists' authority to administer prescribed injectables. The MPA Executive Board recommends **renewal** of the resolution. | Renewal |
| Enrolled: Feb 2023<br>Adopted: Oct 2023 | 23-01: Allowing a Process for the Board of Pharmacy to Accept CME Credits Towards Licensure | That MPA works with the Board of Pharmacy to devise a method to allow pharmacy professionals to receive up to five CE credits toward licensure by submitting Category 1 CME credits earned while attending live multidisciplinary programs. | An opportunity was identified during a recent revision of the Pharmacist CE rules to incorporate this change. Current proposed language will allow for up to 5 credits of non-ACPE accredited programs to be claimed if they the CE is accredited for another health profession. Rules in draft.<br><br>Rules containng this language were reported from the Board of pharmacy in January 2025. | Pharmacist CE Rules now allow this. | Complete | The MPA Executive Board recommends **sunset** of the resolution as identified under Relevant Actions and Outcomes. | Sunset |
| Enrolled: Feb 2023<br>Adopted: Oct 2023 | 23-02: Pharmacists as Providers of HIV PrEP and PEP. | That MPA pursues legislative and regulatory changes allowing pharmacists to provide HIV PrEP and PEP under Michigan law without a collaborative practice agreement and to allow pharmacists and pharmacies to bill for those services. | MPA has worked with Representative Farhat potentially include this in his pharmacist scope of practce legislation. Early efforts at drafts of this language have been overly prescriptive and contrary to the standard of care framework. Legislative efforts are being put on hold until a new administration is established in 2027. | - | ACTIVE | This resolution remains highly relevant as expanding pharmacists' scope of practice is a priority for MPA. The MPA Executive Board recommends **renewal** of the resolution **with the addition of training and educational resources requirement.** | Renewal |
| Enrolled: Feb 2023<br>Adopted: Oct 2023 | 23-04: Adoption of a Point of Care Model for Health Care Delivery to Improve Clinical Outcomes & Reduce Health Care Costs. | That MPA works with the state legislature to amend the laws to allow pharmacists to order, conduct point-of-care testing and prescribe appropriate therapy. Be it futher resolved that pharmacists are reimbursed for these services at equivalent rates to other providers. | This initiative was included in the passage of SB 219 of 2023. MPA continues to advocate for expansion of the permissions already codified into law. SB 993 was introduced by Senator Sylvia Santana to mandate coverage of immunizations and POCTs for in-network pharmacies. Retire - other resoultions expand on pharmacist reimbursement | Point-of-care models for Influenza and COVID-19 established. Pharmacist reimbursement is a focus of other resolutions and will be addressed accordingly. | Complete | The MPA Executive Board recommends **sunset** of the resolution as identified under Relevant Actions and Outcomes. | Sunset |
| Enrolled: Feb 2023<br>Adopted: Oct 2023 | 23-05: Pharmacy Technicians as MPA Office-Holders. | That MPA amends its by-laws to strike language preventing pharmacy technicians from holding the offices of president-elect, president, and chair of the executive board. Be it further resolved that MPA will encourage practice section boards and local association boards to amend their by-laws in the same manner. | Pharmacy Technicians have been elected as officers of two local associations. Draft language of the proposed bylaws were presented to the MPA E-Board on April 15. | The MPA E-Board revised the bylaws to authorize pharmacy technicians to hold the named positions. MPA staff encouraged locals to revise their by laws. | Complete | The MPA Executive Board recommends **sunset** of the resolution as identified under Relevant Actions and Outcomes. | Sunset |
| Enrolled: Feb 2023<br>Adopted: Oct 2023 | 23-07: Establishing a Consulting/Drugless Pharmacy License. | That MPA pursues legislative and regulatory action to grant a waiver to the Michigan Administrative Code R 338.536 pharmacy housing rule for the purposes of independent pharmacy practice by independent contractors to establish drugless/consulting pharmacy license. | This was included in the legislative priorities survey for 2024 and failed to rise as a top priority after discussion with leadership. The initiative is on hold. | - | ACTIVE | Given the ongoing relevance of independent pharmacy practice and consulting pharmacy models, the MPA Executive Board recommends **renewal** of the resolution. | Renewal |
| Enrolled: Feb 2023<br>Adopted: Oct 2023 | 23-10: Investigate Opportunities and Best Practices for Michigan Pharmacists and Pharmacy Technicians to Guide Patients in the Safe and Effective Medical Use of Entheogenic Plants. | That MPA will investigate opportunities and best practices for pharmacists and pharmacy technicians relating to the safe and effective use of Entheogenic Plants for medicinal purposes. | This group was established outside of MPA's perview and continues to meet independently. | The group was established, independently of MPA and encouraged to present findings at MPA ACE. | Complete | The MPA Executive Board recommends **sunset** of the resolution as identified under Relevant Actions and Outcomes. | Sunset |
| Enrolled: Feb 2024<br>Adopted: Oct 2024 | 24-01: Requirement of USP Compounding training for Board of Pharmacy Inspectors | That MPA supports the requirement for Board of Pharmacy inspectors to undergo yearly training in USP Compounding standards. | As part of the rule workgroups held on 9/12, 9/24 &11/4. MPA has advocated for language to require USP training for inspectors to be added as part of the ruleset. During this discussion, it was discovered that all pharmacist inspectors are trained in compounding standards. Additional conversations with the Department on this subject are pending. Retire - upon further investigation, per LARA all inspectors are trained in compounding standards. | Per January 2025 Board of Pharmacy meeting, all inspectors that assess for USP compliance are trained in USP standards. | Complete | The MPA Executive Board recommends **sunset** of the resolution as identified under Relevant Actions and Outcomes. | Sunset |
| Enrolled: Feb 2024<br>Adopted: Oct 2024 | 24-02: Independent Pharmacist Prescribing of Opioid Antagonist | That in order to close this gap in providing lifesaving therapy to patients, that the Michigan Pharmacists Association lobby Michigan Legislators for an amendment to the current law to allow for independent pharmacist prescribing of opioid antagonists. | This suggestion was made as part of the Senate Opioid package in 2025. Currently there has not been an legislation introduced. | - | ACTIVE | Due to the critical public health need for increased access to opioid antagonists, this issue remains a priority. The MPA Executive Board recommends **renewal** of the resolution. | Renewal |
| Enrolled: Feb 2024<br>Adopted: Oct 2024 | 24-03: Allowing Pharmacists to Prescribe and Refill Maintenance Medications Previously Prescribed by a Prescriber and Filled at their Pharmacy | That MPA pursues legislative and regulatory changes allowing pharmacists to prescribe and refill dispense refills of up to a 60-day supply of a non-controlled maintenance medications for patients that have been previously prescribed by another prescribing authority and filled at their pharmacy; without a collaborative practice agreement. | No action taken. | - | ACTIVE | To allow for continuity of care, the MPA Executive Board recommends **renewal** of the resolution. | Renewal |
| Enrolled: Feb 2024<br>Adopted: Oct 2024 | 24-04: Treatment Continuity Upon Prescriber Death | That MPA works with necessary stakeholders to alter the Michigan Public Health Code to allow for dispensing of medications or devices that were prescribed prior to the death of the prescriber to ensure patient continuity of care during provider transitions. | No action taken. | - | ACTIVE | To allow for continuity of care, the MPA Executive Board recommends **renewal** of the resolution. | Renewal |
| Enrolled: Apr 2025<br>Adopted: Oct 2025 | 25-02: Providing Complimentary Pharmacy Law Updates to LARA-BPL Inspectors | That the MPA provide complimentary access to pharmacy law updates, including PRN – A Dose from MPA and any other member communication, to all LARA-BPL inspectors who are licensed pharmacists and pharmacy technicians. | This has been referred to the MPA communications department. Any LARA-BPL inspectors who wish to have access to PRN are added to the list. | PRN circulation approved | Complete | The MPA Executive Board recommends **sunset** of the resolution as identified under Relevant Actions and Outcomes. | Sunset |
| Enrolled: Apr 2025<br>Adopted: Oct 2025 | 25-04: Establishing a Standard of Care Regulatory Model for Pharmacists | That the Michigan Pharmacists Association (MPA) convene a task force to develop a standard of care model approach in Michigan for ALL pharmacists to practice at the top of their education and in a less prescriptive regulated environment no matter the setting.<br><br>That the MPA advocate for pharmacists to be reimbursed for clinical services as a critical priority for sustaining pharmacy practice growth. | Task force created. Two meetings held in 2025. | Task force created. Two meetings held in 2025. | ACTIVE | To allow for continuity of care, the MPA Executive Board recommends **renewal** of the resolution. | Renewal |

**MPA House of Delegates Enrolled Resolutions (2020 - Present)**

| | | | | | | | |
|---|---|---|---|---|---|---|---|
| Enrolled: Apr 2025 Adopted: Oct 2025 | 25-05: Statutory Pathways for Pharmacists to be Eligible for Reimbursement | That the MPA advocates to include pharmacists in the legal definition of a prescriber as defined under MCL 333.17708.<br><br>That the MPA advocates to include prescriptive authority into the legal definition of the "practice of pharmacy," as defined under MCL 333.17707. | In drafts of recent proposed revisions to the appropriate sections, MPA has advocated that this change be introduced. No formal amendment has been introduced at this time. | - | ACTIVE | To allow for continuity of care, the MPA Executive Board recommends **renewal** of the resolution. | Renewal |
| Enrolled: Apr 2025 Adopted: Oct 2025 | 25-07: Promulgation of PrEP/PEP Education to Support HIV Prevention | That the MPA promote PrEP/PEP training and educational resources to its pharmacist, student pharmacist, and pharmacy technician members. | No action taken. | No action taken. | ACTIVE | To allow for continuity of care, the MPA Executive Board recommends **renewal** of the resolution. | Renewal |
| Enrolled: Apr 2025 Adopted: Oct 2025 | 25-08: Promote best practices: include weight on prescriptions for pediatric patients | That the MPA help to promote the best practice of including weight information on prescriptions for pediatric patients under the age of 18 years old and veterinary prescriptions to ensure safe medication verification (by whatever method is deemed appropriate by the board or its committees). | No action taken. | No action taken. | ACTIVE | To allow for continuity of care, the MPA Executive Board recommends **renewal** of the resolution. | Renewal |
| Enrolled: Apr 2026 Adopted: Oct 2026 | 26-01: Michigan Medicaid Professional Dispensing Fee Update and Cost of Dispensing Review | That the Michigan Pharmacist Association urges the Michigan Department of Health and Human Services (MDHHS) to conduct an updated Cost of Dispensing study and revise the professional dispensing fee schedule to reflect the current, audited cost of dispensing.<br><br>That the MPA work to legislatively implement a transparent, periodic review cycle of every 2-3 years and an inflation-linked adjustment tied to the consumer price index or other standard national measures. | | | ACTIVE | | |
| Enrolled: Apr 2026 Adopted: Oct 2026 | 26-02: Payment Rates for Michigan Medicaid Medication Therapy Management (MTM) Services | That the Michigan Pharmacists Association urges the Michigan Department of Health and Human Services to review and update Michigan Medicaid MTM reimbursement rates to reflect inflation and the true cost of delivering comprehensive pharmacist-provided MTM services;<br><br>That the Michigan Pharmacists Association will advocate for MDHHS to establish a mechanism for regular rate evaluation and adjustment to ensure continued access to high quality MTM services for Medicaid beneficiaries. | | | ACTIVE | | |
| Enrolled: Apr 2026 Adopted: Oct 2026 | 26-03: Any-Willing-Pharmacy Contracting Requirements for Third-Party Payers | That the Michigan Pharmacists Association advocate for and advance legislation requiring third-party payers operating in Michigan to contract with any willing pharmacy that agrees to meet the payer's reasonable and non-discriminatory network terms and conditions. | | | ACTIVE | | |
| Enrolled: Apr 2026 Adopted: Oct 2026 | 26-04: Prohibition of Negative Ingredient Cost Reimbursement and Establishment of Adequate Dispensing Fees | That the Michigan Pharmacists Association advocate for and advance legislation prohibiting negative ingredient cost reimbursement by third-party payers operating in Michigan;<br><br>That the Michigan Pharmacists Association advocate for and advance legislation requiring third-party payers to reimburse pharmacies a professional dispensing fee that is sufficient to reasonably cover the cost of dispensing and pharmacist-provided patient care services.□ | | | ACTIVE | | |
| Enrolled: Apr 2026 Adopted: Oct 2026 | 26-05: Transition of Care maintenance medication provided by pharmacist prescriptive authority | That the MPA and its membership advocate to allow pharmacists to prescribe emergency refills. | | | ACTIVE | | |
| Enrolled: Apr 2026 Adopted: Oct 2026 | 26-06: Clarification of State of Michigan Board Pharmacy Compounding Accreditation and Inspections | That the MPA works with the Board of Pharmacy to clarify why an inspection must occur every 18 months rather than be in good standing with a national accrediting organization to demonstrate compliance with USP standards. If the relaxation of the standards is not allowable/appropriate, MPA to work with the Board of Pharmacy to clarify which bodies are appropriate to conduct every 18-month inspection. | | | ACTIVE | | |
| Enrolled: Apr 2026 Adopted: Oct 2026 | 26-08: Collaboration with Employers and Educational Institutions to Promote Pharmacy Technicians | That the Michigan Pharmacists Association collaborates with employers and educational institutions to promote the pharmacy technician profession, certification, and continuing education. | | | ACTIVE | | |
