PHARMACIST MEDICATION THERAPY MANAGEMENT BILLING GUIDE

PHARMACIST MEDICATION THERAPY MANAGEMENT BILLING GUIDE

All Michigan Medicaid beneficiaries (including both fee-for-service and managed care and excluding Medicare Part D) have been eligible for Medication Therapy Management (MTM) services since April 1, 2017. To be eligible for MTM services reimbursement, pharmacists must complete an MTM program approved by the Accreditation Council of Pharmacy Education (ACPE), such as the Michigan Pharmacists Association's (MPA's) ACPE-approved program "Delivery of MTM Services for Michigan Medicaid Beneficiaries." Click <u>here</u> to learn more or complete the American Pharmacists Association's "Delivering Medication Therapy Management Services" certificate program.

Pharmacists that complete a MTM program must enroll in the Community Health Automated Medicaid Processing System (CHAMPS). CHAMPS is the web-based Michigan Department of Health and Human Services (MDHHS) Medicaid claims processing system. In order to bill for MTM services rendered, pharmacists must enroll in CHAMPS using their pharmacist national provider identifier (NPI) number and affiliate themselves with the Billing NPI of a pharmacy, Federally Qualified Health Center (FQHC), Tribal Health Center (THC) or a rural health clinic (RHC). To begin the CHAMPS enrollment process, visit <u>www.Michigan.gov/MedicaidProviders</u> and click on Provider Enrollment. For more information on how to sign up for CHAMPS, click <u>here</u>.

Once enrolled in CHAMPS, pharmacist-led MTM services must be provided in an ambulatory care outpatient setting, a clinic, a pharmacy or the beneficiary's home if the beneficiary does not reside in a non-covered services setting. The services are intended to be provided face-to-face and may not be provided by telephone. The services may be provided via video-conference in certain situations. A beneficiary is eligible for MTM services if they are receiving at least one medication used to treat or prevent one or more chronic conditions as identified in the Chronic Conditions for Medication Therapy Management Benefit Eligibility list. Note: at least one diagnosis code on an MTM claim must be a diagnosis code from the list of chronic conditions for MTM eligibility. The complete list can be found by clicking <u>here</u>.

Pharmacists are able to bill Medicaid's CHAMPS system using the current procedural terminology (CPT) billing codes identified under Table 1. Note that each CPT Code is billed for a 15 minute increment. CPT Code 99607 allows for additional 15 minute increments that can be dual billed with either CPT Code 99605 or 99606.

Table 1: Billing Co	des for MTM Services		
CPT Code	Service	Rate	Limitations
99605	Initial assessment performed face- to-face in a time increment of up to 15 minutes	\$50	Only one CPT 99605 will be covered per provider per beneficiary in a 365-day period.
99606	Follow-up assessment in a time increment of up to 15 minutes	\$25	Up to seven CPT 99606 will be covered per provider per beneficiary in a 365-day period.
99607	Additional increments of 15 minutes of time for 99605 or 99606	\$10	Up to four CPT 99607 will be covered per provider per beneficiary per date of service.

Providers can submit electronic claims to CHAMPS through the use of a billing agent, via batch upload or Direct Data Entry (DDE) in CHAMPS. The following document was created to facilitate the process for submitting a CHAMPS DDE claim. When submitting a CHAMPS DDE claim, all required information will be marked with a red asterisk (*), as seen below. The required information must be submitted for every claim.

The following steps must be followed when submitting a CHAMPS DDE Claim:

Step 1: Log onto the <u>MILogin Third Party</u> page using your User ID and Password.

Michigan.gov	HELP CONTACT US
	Login to your account User ID
MILogin for Third Party	Password
	LOGIN
	SIGN UP
Sector Contractor	Forgot your User ID? Forgot your password? Need Help?
Copyright 20	115-2017 State of Michigan

Step 2: Once directed to the MILogin home page, click on the CHAMPS hyperlink and then click on Acknowledge/Agree to accept the Terms and Conditions to get into CHAMPS.

Step 3: Select the Billing NPI from the Domain drop down and the designated Profile access (select full access to submit a claim). If the designated representative does not have the proper access they can contact their Domain Administrator within the facility. If the domain administrator is unknown please call (800) 292-2550 and speak with Provider Enrollment.

Community Health Automated M	Adicaid Processing System
Select Domain Select Profile Select Favorite Select Favorite	Note: the Billing NPI under the Domain drop down is associated with a billing provider such as a pharmacy, FQHC, THC or RHC.

Step 4: Once logged into CHAMPS, you will be directed to the Provider Portal page. Click the "Claims" tab to enter a professional MTM claim.
