

# ASSE Backflow Prevention Assembly Recertification

Time: 8am - 5pm

Course Prerequisite: Current ASSE Backflow Prevention Certifications are required.

This course is for individuals currently holding a ASSE Backflow Prevention Assembly Tester, Repairer and/or Cross Connection Control Surveyor Certification but whose certification is due to expire. Individuals must hold a valid certification for three years from the date of initial certification and/or recertification. Recertification will be awarded after successful completion of a hands-on lab test (RP and DC) and written exam (1 hour time limit). All exams are closed book.

Up on successful completion of both the written and hands-on exam, the student will receive a three (3) year National ASSE Certification.
