AdvanTex
Treatment Systems
Flow Control Treatment for Phosphorus Reduction

Turns hazardous wastewater into clear, odorless effluent that's ideal for reuse. Consistent performance of up to 80% TSS, even with just three and repeated startups. Low maintenance, low lifetime costs. Small footprint. Complete package for one-day installation. Comprehensive program includes manufacturer, Commissioning, Start-up, Installation, and Ongoing Support.

AdvantTex features:
• Superior performance
• Compact footprint
• Low maintenance
• Complete package for one-day installation
• Comprehensive program includes manufacturer, Commissioning, Start-up, Installation, and Ongoing Support
