

# TWO Day Water Certification Review: S3, S4

## 1.2 CECs, Water Technical

*You must attend the entire class to earn the CECs*

Michigan Rural Water Association has compiled review courses for those planning to take the water treatment and distribution Certification Test. The course will be instructed by an experienced water operator. The course content has been structured based on the EGLE study guide for waterworks operator certification exams. Concentration will be placed on reviewing math skills, system maintenance, chlorination, sampling, and other areas necessary to help you study for your certification exam. During this review course, your instructor will answer your questions and provide tips on test-taking.

<b>Agenda Day 1: S3, S4</b>	
8:30am – 10am	Areas, volumes, conversions and how to use formulas
10:15am – 11:45am	Water hydraulics including calculating velocity and flow rates PSI and specific well capacity calculations
11:45am	Lunch (provided)
12:30pm – 2pm	Chemical feed: calculating pounds and ppm of chlorine
2:15pm – 3:45pm	Detention time and horsepower calculations
3:45pm	Adjourn

<b>Agenda Day 2: S3, S4</b>	
8:30am – 10am	Legislation and regulations as described in the SDWA
10:15am – 11:45am	Bacteriological Sampling and Analysis Disinfection of Drinking Water Pumps and Motors
11:45am	Lunch (provided)
12:30pm – 2pm	Water Meters Cross Connections Water System Safety
2:15pm – 3:45pm	Distribution System Materials: pipes, clamps, fire hydrants valves etc.
3:45pm	Adjourn
