

## Basic benefits, Archives, and ongoing resources

[MEMBERSHIP BENEFITS](#) [MEMBER FACEBOOK GROUP](#)

[MEMBER DIRECTORY](#) (add "Areas of Expertise" tags to your profile, so you can be searched via them. )

### ARCHIVE LINKS

These are treasure troves of ideas, how-to and success stories from our partners/funders and members sharing their secrets to serving their communities and tapping their entrepreneurial ecosystems.

- [Journal Archive](#): Hundreds of articles by NACCE funders and members sharing their successes.
- [Webinar Archive](#): Here we have a decade of in-depth presentations detailing best practices and ideas, about everything from NACCE benefits to experts and members revealing their successful strategies. (NOTE: Click PDF to preview the slides.) Newer ones will be now located in the [e-store](#), but will remain free for members. Just narrow your search for the 'On demand webinars' category and look for the ones marked "Replay". This move is so we can keep better track of their viewings.
- [Podcast Archives](#): Keep up with educators, administrators, and experts on the state of entrepreneurship education, in our colleges today.

### ONGOING RESOURCES

#### [FREE QuickBooks Online for a year for students and client businesses](#)

Intuit's Educator Portal Platform, enables NACCE members to give QuickBooks Online (QBO) access to their students and clients, for free, for a full year. Just follow these steps:

- 1) [Create an account](#) with Intuit to gain access to the Educator Dashboard. (Just make sure to use the email associated with your NACCE profile. )
- 2) Once you login to the Dashboard, you need to "+Add a Class"
- 3) Once you have created a class, you can add students, and send them an email invite through the dashboard to provide them with QBO access for one year.

#### [Financial Management for Entrepreneurs \(FMFE\)](#)

Intuit's Financial Management for Entrepreneurs (FMFE) is completely free for members. This module-based curriculum includes high quality videos that are appropriate for both credit and [Non-Credit programs](#). Read how [Dayton State College](#) (FL) is using FMFE to empower the next generation of entrepreneurs, by certifying their faculty members to teach this.

**Faculty, staff and students can all be FMFE certified.**

*NOTE: Most of Mint.com's functions have been absorbed into their Credit Karma app. We'll be conducting a refresh for the FMFE curriculum sometime in the 1<sup>st</sup> quarter of this year.*

#### [The Michelson Institute for Intellectual Property](#)

The Michelson IP free curriculum is a comprehensive resource designed to empower community colleges with the knowledge of intellectual property. It offers a range of materials including: Infographics, videos, and assessment questions that simplify the complex world of patents, copyrights, trademarks, and trade secrets.

The curriculum is adaptable to various learning management systems, making it a versatile tool for educators. It's an invaluable asset for inventors, entrepreneurs, and creators, aiming to make intellectual property accessible to all.
