About the NACCU Campus Profile

The NACCU Campus Profile tool allows institutional members to complete comprehensive profiles sharing information regarding card services at their schools. To update the Campus Profile, NACCU members should sign in to the NACCU website then click on the Company link in their Member Compass. Members also have direct access to Campus Profile data through the search tool and spreadsheet.

By using the Campus Profile search tool and spreadsheet to analyze responses, NACCU is able to retrieve useful information about the state of the higher education campus identification and transaction system industry.

About NACCU

As the only association that specializes in the campus identification credential and transaction industry, NACCU is dedicated to high quality educational programs, resources, and services. Members gain access to networking opportunities, strategic partnerships, tools to leverage technology, knowledge sharing, and professional development. Learn more at www.naccu.org.
