FOR IMMEDIATE RELEASE

Northeastern University Presented with NACCU's 2017 Innovative Technology Award

Phoenix, AZ – April 24, 2017 – NACCU is proud to announce that Northeastern University is the recipient of the 2017 NACCU Innovative Technology Award. Brett St. Pierre from HID Global/ASSA ABLOY, the award sponsor, presented the award to Warren Lord during the 24th Annual NACCU Conference in Orlando on April 5, 2017.

Northeastern University's old system of combination locks and in-person locker reservations needed to change. Warren Lord and his team used their experience with residence hall doors to develop an online locker reservation system. The new system used campus cards to access the lockers.

They purchased the Relaxx locker solution from Ganter and interfaced that with CBORD Web Manager. Feedback has been very positive. Students reserve their locker online, data is collected on actual use and assessment is being made on future uses of this technology.

NACCU proudly congratulates Northeastern University as the recipient of the NACCU 2017 Innovative Technology Award.

ABOUT THE NACCU INNOVATIVE TECHNOLOGY AWARD

The NACCU Innovative Technology Award, established in 2012 and sponsored by HID Global/ASSA ABLOY, is presented to an institution that has introduced a unique technology-based solution to a problem or opportunity.

The Awards Committee chose the recipient based on the following criteria:

- Challenge and/or opportunity
- Steps taken to determine a solution
- Evaluation of solution, including measured results
