EVENTS

BEYOND READING

We're proud to host more than 200 events each year, including eight in-store book clubs and weekly story-and-craft times. Our Severna Park store's Community Space is a vibrant hub for author events, comedy shows, music performances, writing workshops, and panel discussions. We also frequently partner with local libraries to bring events to high school theaters and Exploration Commons in Carroll County. Whether it's an open signing or a full production, we love creating space for connection through books, creativity, and community.
