A Letter from the Board President Anne Meysenburg

*Director of Community Investment
Omaha Community Foundation*

I served on a panel discussion recently and one of the questions that came up was about how we, as a sector, combat the image that those working in nonprofits are just a bunch of do-gooders. You know the sentiment. You hear it, yourself. The question was referring to the false perception that many of us face every day; that those of us working in community benefit organizations aren't highly skilled, professional individuals working in strategic, effective and thoughtful ways to make a better life for those we serve.

And, as you know, we are. We are do-gooders, but that doesn't mean we aren't skilled, strategic and professional. And, on top of that, we carry the weight of the work we do on our shoulders. Because, without us, there may be no orchestra or accessible adoption services or assistance for those fleeing domestic violence or accessible home ownership or....any number of things we do to make the lives of the people we work with better.

The panel turned that question over to Anne Hindery, the CEO of the Nonprofit Association of the Midlands, in the audience. Because NAM is about our collective voice. For the past 6 years, I have been extremely proud and humbled to work in partnership with the talented Anne, the passionate NAM staff, and the many volunteers and engaged Board Members that help this organization succeed in its efforts to elevate the entire sector.

Through its various programs and services, its budding advocacy efforts, its communication and outreach efforts, and its research, NAM strives to make your work easier. After all the supporting you do for our various communities, isn't it just as important for you to be supported, as well?

If you are reading this and you are not yet a member, join! If you are a member, participate more! That is, come to our many events and trainings, volunteer to participate in a Board committee, or help the NEI leadership team raise the level of excellence in our annual programs. Help NAM help you realize your many possibilities, and help us all move forward in strengthening the nonprofit sector.

A Letter from NAM's Chief Executive Officer Anne Hindery

Nonprofit Association of the Midlands (NAM) is here to make your job easier. As the State Association that serves nonprofits of all sizes and missions, we've been hard at work for YOU this past year! In 2016, NAM kicked off a new Board Curriculum, expanded our Best Practice Partnership and graduated the 10th class of Nonprofit Executive Institute. The annual Nonprofit Summit of the Midlands, in partnership with D.A. Davidson, provided learning opportunities for nonprofits to better share their organizations stories.

NAM works to raise the profile of the nonprofit community. NAM represents for nonprofits of all sizes and missions. The work of the nonprofit sector provides an incredible value in our community. Not only does everyone use a nonprofit every day, one in eleven people in our area are employed by a 501(c) 3. The NAM team, Dan, Hannah, Kelly and Abby are here for you. Here's how we're working to make a difference for you:

NAM builds Professional Development by leveraging access to best practices and legal compliance. We support trend analysis in our sector. We have a multi-state presence.

NAM provides extensive Capacity Building Certification programs for up-and-coming leaders. We build strategic Philanthropic Alliances. We pursue policies to support a supportive environment.

We could not be successful without the support of our board. A strong Board is so important to ensure a strong nonprofit and this group has gone above and beyond in its support of NAM. And most importantly, thank you to our members. The work you do every day helps make our communities better places to live, work and raise our families.

Public Policy

NAM plays a critical role as an advocate for the nonprofit sector in the realm of public policy. NAM reaches out to nonprofits to engage them in policy issues, informs them on key legislative issues and speaks on the sector's behalf to improve the operating environment for nonprofits across Nebraska. NAM researches and creates a Board approved Public Policy agenda annually.

Purpose of Public Policy Committee:

Help educate policymakers and others about the work and impact of nonprofits; the agenda fits specific policy goals into a consistent broader context. This committee helps NAM be the collective voice for nonprofits of all sizes and missions.

2016 Policy Agenda

1. Continue to support the Charitable Giving Incentive.
2. We support the principles of Rebuild Nebraska, a coalition of statewide organizations dedicated to rebuilding Nebraska's families, communities, businesses, schools, infrastructure, and workforce.
