Letter from John Levy, Board President

I have now been on the NAM board for six years. During this time (and despite my involvement), NAM has grown tremendously. Among other successes, NAM has rolled out its Guidelines and Principles assessment, begun offering financial services, and membership has tripled to include more than 650 nonprofit organizations.

To me, this growth and expansion of services is not the reflection of NAM just wanting to do more. Instead this growth is the result of a nonprofit sector that has become more savvy and sophisticated. It is because of this emphasis on best practices and infrastructure that nonprofit organizations can effectively execute on their missions. On behalf of NAM, its incredibly talented and dedicated staff, and engaged board of directors, we are humbled by this growth and, more importantly, happy to help nonprofit organizations and the sector as a whole become stronger.

Letter from Anne Hindery, CEO

Our mission at the Nonprofit Association of the Midlands (NAM) is to strengthen the collective voice, leadership, and capacity of nonprofit organizations to enrich the quality of community life throughout Nebraska and Western Iowa. This year the NAM team has been hard at work, pursuing our mission, for YOU! Every Nebraskan and Iowan benefits from a nonprofit every day and 1 in 11 are employed by a nonprofit.

We want to make sure all nonprofits have the best resources to serve their communities. A few highlights of note for 2019: Co-hosted the second annual Nebraska Nonprofit Conference in Grand Island, Nebraska, with a sold out crowd; expanded the NAM 403(b) retirement plan to 68 nonprofits; grew our Financial Management Services program with quality accounting staff to help our members; offered CEU's for our Squeaky Clean HR series; and now offer an Employee Assistance Program (EAP) for NAM members.

We could not be successful without our generous supporters and board members. A special thank you to our nonprofit member organizations. It's their work that makes our communities the best places to live, work and raise our families.

Guidelines and Principles

The Guidelines and Principles for Nonprofit Excellence (G&P) is a toolkit that supports the efficiency, transparency & accountability of nonprofits in Nebraska and Iowa. The G&P provides an online assessment that helps nonprofits of all sizes and missions strengthen their business infrastructure so they can concentrate on their important mission. The purpose of the Guidelines and Principles is threefold: 1) to provide nonprofit organizations a state-specific tool to evaluate compliance, enhance strategic planning, and refine operations; 2) to support the growth and quality of the sector; and 3) to increase the public's understanding of the role and value of the nonprofit sector.

In the summer of 2019, NAM proudly unveiled G&P 2.0, which features a streamlined assessment, skip logic, a better user experience, and color-coded icons that link assessment items directly to NAM's training calendar. These icons allow our members to easily find training resources that relate to needs identified through the G&P. To date, 273 organizations have used the new G&P 2.0.

Best Practice Partnership

The Best Practices Partnership is a public recognition given to organizations that have demonstrated their ongoing commitment to using the Guidelines and Principles and have achieved full legal compliance. A self-monitored program that is affirmed by an organization's board of directors, Best Practice Partners have demonstrated the value of continuous organizational dialogue around issues of accountability & transparency.

In December, we welcomed our 100th Best Practice Partner to this esteemed group!

Nonprofit Salary & Benefit Report

In 2019, more organizations participated in the Nonprofit Salary and Benefit Survey than ever before. Data from 290 participating nonprofit organizations were used to create the report, this was a 58% increase from 2018. There was also an increase in participation from nonprofits from rural areas, making this the most comprehensive salary and benefit report for the nonprofit sector in Nebraska and western Iowa. The results of the survey may be used as benchmarks to attract and retain talent, and ensure salaries and benefits are competitive.

PERKS

403(b) Retirement Plan

The NAM 403(b) plan offers nonprofit organizations an affordable way to provide retirement benefits. In 2019, the plan was used by 68 nonprofit organizations with more than 1,800 participants with assets of \$28,690,635. The NAM plan is designed for each nonprofit to decide if they can match employee contributions or not and how much and when employees vest.

Public Policy

NAM continues to make strides in public policy work. In 2019, NAM focused on state budget issues and the upcoming 2020 Census. NAM continues to be a strong supporter of the Johnson Amendment to protect nonprofit nonpartisanship. NAM reviews legislation that impacts the nonprofit sector as a whole at the state and federal levels. If you would like more information or to see NAM's board approved public policy agenda,

[Click here to view the public policy agenda.](#)

Economic Impact Report

The Economic Impact Report provides a comprehensive overview of Nebraska's nonprofit sector including its size, focus and impact. The overarching purpose of this report is to inform policy makers, industry leaders, nonprofit leaders and community members about the presence and impact of the nonprofit sector on the economy and the quality of community life across the entire state of Nebraska. The most recent report, released in March, was commissioned by NAM, developed by Category 1 Consulting and sponsored by the Harry A. Koch Co. The Center for Public Affairs Research at the University of Nebraska at Omaha, home to the Nebraska State Data Center, reviewed and supports this report.
